March 2015 Monthly Report Executive Summary: DL/IMS

- The data below is based on 880 allocated staff hours for the month of March. This is based on 22 workdays and includes five (out of six) staff members. In this calculation, we are not counting off time (holidays, sick days, vacation days, or lunches).
- OLITS continues to be down one instructional designer. Therefore we are missing 176 staff hours for the month of March. Job has been posted and interviews will take place soon.
- March marks the middle of the semester and support calls for Canvas has decreased 72% over February.
- More faculty are starting to take advantage of design support and requesting junior instructional designers. As a result of working very closely with faculty and staff, OLITS had an increase of 258% in the number of hours spent in faculty meetings.
