1. Approval of minutes of 1/18/2011 meeting: Approved.
2. ETS Schedule: Mary Jo announced that the ETS would be given the second week of February in the management capstone classes. It was noted that, in the future, we should consider moving the ETS out of the capstone classes and make it a prerequisite for graduation.
3. Review of AOL Schedule: Mary Jo reviewed the Assurance of Learning Schedule (included in the minutes of January 18. The COB must (1) show two years of closing-the-loop and (2) document significant curriculum revisions. In Spring 2011, four program objectives will be measured per the AOL Plan and as set forth in Motion 1 above.
4. Academic Learning Compacts: No action at this time. The current ALCs as submitted appear to be acceptable.
5. Survey: The Accounting Survey has been approved by the IRB. We will try to attach the other survey as an addendum since it only differs in that it has more questions. Each discipline is responsible for researching support for the topics that are taught in their major core classes. This support will become part of a formal document to support our overall curriculum needs. Kearns reminded members that the Input/Output Analysis for each class is due March 1.
6. Focus Group: Kearns agreed to speak with the Dean about hosting a focus group. At a later meeting, Dean Ebrahimpour stated that he would arrange for several industry leaders to meet with the UGCAC for a 2 hour lunch. The purpose would be to elicit information regarding the curriculum.
7. Other Business: The committee still lacks representation from Finance.
8. The meeting adjourned at 11:30 a.m.
