**GUIDELINES TO REQUEST A NAME CHANGE IN
DIGITAL COMMONS @ UNIVERSITY OF SOUTH FLORIDA**

USF Libraries will consider requested name changes to items they authored in the institutional repository under the following conditions

The individual must formally request the name in writing to digitalcommons@usf.edu
Individuals requesting this change need to give a reason for the name change and identify the items for requested revision.

If the item is a student thesis or dissertation, the USF Libraries needs to follow the policies and procedures of USF Office of Graduate Studies (Contact: 813-974-2846 or grad-liaisonmail@usf.edu)

If the thesis or dissertation has not been sent to the ProQuest Dissertation database, then the USF Libraries may consider making the name change to the archive record and to the front page of the thesis or dissertation. If the thesis or dissertation has already been sent to the ProQuest Dissertation database, then any changes need to be made after review and decision made by the USF Office of Graduate Studies.

USF Libraries will review all name change requests and will respond to any requests as soon as possible.
