Minutes of the General Education Committee July 2008 Electronic Meeting

Members: Lisa Starks, Susan Fernandez, Jim Krest, Julie Armstrong, Andy Reeves, Tina Neville, Jennifer Baker, Todd Shank, Cyndie Collins

Two items were submitted in July 2008, via email, to all committee members for electronic vote. The items were as follows:

- Proposals for EUH 2000 - Western Civilization I and EUH 2001 Western Civilization II were returned by majority vote for revisions and clarification on the measurable learning objectives and outcomes. The committee also recommends that the learning strategies should be more specifically mapped to these outcomes. The committee suggested that Co-chair, Lisa Starks, will work with the proposer to assist with modifications of these proposals.
- The committee approved, by majority vote, an outline of learning objectives for existing general education requirements which will be used to develop further means of assessment of our general education courses. Committee members made suggestions for minor modifications in the wording of several of these objectives; however, voting members unanimously supported this proposal.
