The evacuation drills will range from mid-November through mid-December and will be planned to provide minimal disruption to class and exam schedules. Due to the critical nature of safety and security measures currently being taken nationwide and throughout our communities, a full evacuation of each building during these drills will be required. The USFSP Emergency Operations Plan directs that evacuation drills should be supervised and documented by our police officers.

Dr. Karen White, USFSP VP/CEO asks that "each of you give your fullest cooperation to these exercises, with the understanding that they serve to improve our emergency response capability and general safety. Should you have any questions, please refer them to our Public Safety Director, Bob Siwik at (727) 553-4140."

Political Science Undergraduate Student - Mr. Hashim Ahmed - is notified he will be published

"The Political Economy of Race and Its Role in the Development of Public Housing in South St. Petersburg: The Case of Jordan Park" was accepted for publication in the journal "Review of Black Political Economy." This is a rare and significant accomplishment for an undergraduate student. Professors Ambe Njoh and Darryl Paulson have served as important mentors to Mr. Ahmed. Mr. Ahmed is also an employee at the Nelson Poynter Memorial Library. Please join Dean V. Mark Durand in congratulating him on bringing one more honor to our campus! (Hashim Ahmed - hashimahmed11@hotmail.com).
