No. I was very happy with the offerings and Otis was very flexible with scheduling the on-demand workshop for me.

I have been reflecting on and implementing strategies that I got from the workshop in my online class for this coming semester.

I would like to learn how to use Google docs and more google applications.

Very knowledgeable and helpful. Should be required of all faculty.

I can't think of any ... but I don't know what I don't know!

I absolutely appreciate all of the help (and patience) the OLITS team has provided me!

I completed my first round of training a few months ago and my stipend never processed. I know a letter was sent to OLTIS but I didn't know what the hold up was at this point.

Ricky has been wonderful to work with!

Thanks!
