## Student Organization Training

In an effort to provide support for our USFSP student organizations, our office is hosting training sessions for our student organization leaders and advisors. These training sessions will cover topics like University and Student Life requirements for organizations, advisor responsibilities within organizations, helpful hints and suggestions, and best practices for successfully running a student organization.

The training sessions this semester will not be the same as those last semester so there will be new information for all organizations.

Advisor sessions are optional for our advisors, but you are encouraged to attend.

For more information and to RSVP for one of these sessions, please go to: <http://goo.gl/Y7tCm>

As a reminder for our students, each student organization is REQUIRED to send at least one representative to a training session. These training sessions are opportunities to share important information and discuss upcoming opportunities. You are of course welcome to send more than one person if you would like.
