BEGINNING: Bold individual, adventurous, would do anything for a good photo

Young girl, with deep passions for the outdoors and animals and her father, trying desperately to also fit in. Trying also to cope with her mother – relationships with brother and sister? Determined to make a difference in the world.

College girl – need to see that passion for natural history and need to see the birth of her artistic sense. Need to see that determination to be adventurous and make a difference.

Relationships with men – tied to her father?

Relationship with Chappie. What does he represent? Does he nurture her talent? Does he stifle her? What does she come to realize during and AFTER their relationship. What does his mother represent?

HOW DOES SHE FEEL? AND, HOW DOES SHE REACT TO CHANGE.

How does the world around her play a role in shaping her? What exactly is the ART world – this is the birth of ART photography? Need to see her TRYING to make her name and establish her signature style.

On her own, finally – that burst of creativity. Nothing holding her back. The spark that leads to the women in the prologue.

The compromises she has to make – her relentless DRIVE.
