Dean's Report—

8. Blaine Brownell has approved the College's request for a National Search for an Associate Dean. Deanna Michael will chair the search. Other Committee members—Jennifer Walker, Kathe Rasch, Mark Pezzo.

Please reference Dean's report. Document on Faculty load has changes from faculty input and track changes shows the input from faculty. It will be presented to faculty this afternoon.

Dean Fueyo reported that Deputy Supt. was amenable to a Temporary Duty Elsewhere (TDE) that might provide a teacher in residence for next year. With Dr. Brantley not coming, it might provide a teacher in residence for next year.

Dean Fueyo is in negotiations to appoint a visiting professor in Educational Leadership as well to support that program.

There was discussion of the childhood education search.

9. Curriculum and Programs Committee—J. Fountain reporting

The C and P committee approved the suspension of the English Education program. There is a plan in place for the students currently in the program. Action requested from College Council. Then it goes to Undergraduate Council for final approval.

Gwen moves that program be suspended. Motion carried. Bonnie will forward request that it be put on the undergraduate council agenda.

Name change for Graduate reading course proposal (RED 6116). The course name was changed by Tampa to Elementary rather than K-12. DOE has had to give extra help for students at USF St. Petersburg. DOE is also looking for evidence of differentiated instruction. Title change is Trends in Differentiated Reading Instruction and course description has changed to reflect new DOE regulations. Kim moved and Bonnie seconded approval of the name change. This now goes to graduate council.

Approval of RED 5147. This is a new course brought forward for the Master of Arts in reading program. Margaret Hewitt reported on the course. MAT in special ed students were moving into advanced graduate course without adequate background knowledge. This course will provide a course for RED 6116 course substitute as well.

It is an ESOL infused course. This will service both dual track (sub for 4310) and MAT in special education. It was taught as a pilot last summer and further modified after that time. It is a graduate level class in terms of rigor. It was approved in Curriculum and Programs. Gwen moves approval, Bonnie seconds. Motion approved.

New Business—

Student of concern Process

Reviewed by membership of college council. Kathe Rasch has presented report that incorporated all changes in the student of concern model.

We need direct instruction and orientation to our professional expectations. Considerable discussion by CC. K. Rasch will also present at the faculty meeting.
