Dear Frank,

To add some history for you...the Florida Grasshopper Sparrow is federally endangered and DOJ and USFWS intervened in our law suit to protect the sparrows. Audubon also filed a petition against 101 Ranch's original ERP application. We reached negotiated settlements in both issues. Now, this permit modification changes both agreements, without our consent or knowledge.

We will contact you about a meeting after our federal partners have a chance to look this over. John Fumero and Luna Ergas are well versed in this matter.
