5. Faculty Senate Report: Kim Stoddard and Deanna Michael reported

5.1. **Faculty Service Awards:** An issue was brought up that the current wording for the Service Award for USFSP does not allow for all full time faculty to be considered for the award. Cyndi Collins, the chair of the committee, presented the process used by the committee in creating the document. After a lengthy discussion the Senate voted to change the wording of the Service award to include all full time faculty and also to eliminate the wording in the service award of "accomplishments during the prior 2 calendar years will be weighted more heavily, although career service will be taken into account". This was done to emphasize the consideration of the award as a "life time" achievement award rather than an award that is given out each year.

5.2. **Faculty Salaries:** Individuals within the CAS brought up the issue to the Senate that it would benefit faculty to be paid over a 12 month period rather than the current 9 month period. This issue was considered in the past and most faculty were not in favor of this proposal. It was suggested for individuals having concerns to contact the USF Credit Union and arrangements can be made to create such a payment structure.

5.3.1. The library's searches continue.

5.4. College of Business.

5.6.1. The CAS program coordinators are continuing their discussion with the Dean regarding the amount of the stipend and the duties for the role of the program coordinator.

- 5.6.2. Several searches are ongoing including the Search for the Dean. The committee completed phone interviews with 12 candidates.
- 5.7. USFSP Representative to the USF Tampa Senate.**
- 5.7.1. The COB will present the proposal from the last Senate meeting to the faculty at the faculty meeting on 3/30. The majority of the COE faculty supported the Senate's position regarding the proposal. The CAS will bring the issue to the faculty and report back at the next meeting.
- 5.8. College Level Awards for Part-time teaching Faculty Status.**
- 5.8.1. Mark Durand brought the issue up at the Dean's meeting. The Dean's will bring the issue to each College Council for further discussion and possible implementation.
- 5.9. Teaching Assignment Status –**
- 5.9.1. Deanna Michael presented the NCATE position which indicates that time for distance learning and off campus teaching should be taken into consideration when creating teaching assignments. In addition, NCATE supports that all full time faculty should be involved in research, service and teaching. Deanna also indicated that if approved by the unit and the BOT, the Collective Bargaining Agreement will include the opportunity for Promotion for Instructors to levels of Instructor 1, 2 & 3.
- 5.10. Faculty Council Survey**
- 5.10.1. At the Faculty Senate meeting, Deb Henry suggested that the results of the Faculty Council survey be posted on a web site.
- 5.10.2. The Senate determined that the 3 main issues highlighted in the results of the survey will be brought back to each College Council for further discussion and input. The three main issues that were noted in the survey include: 1) a need for collegiality 2) faculty need more time for research 3) faculty need to be independent from administration.
- 5.10.3. In addition, the Senate would like a representative from each college to become an Ad hoc committee of the Senate to discuss the results of the survey and make recommendations for "next steps." Bonnie Braun moved to put the question to the entire faculty for a volunteer. Cynthia seconded the motion; there was no discussion and the motion carried. Marilyn will email the COE faculty and ask for a volunteer.
- 5.11. SACS Meeting**
- 5.11.1. Some concerns have been raised by faculty that the SACS visit did not include time for discussion with faculty and students. Mark Durand responded that the structure of the SACS visit was determined by the SACS committee not the USFSP administration.
- 5.12. Information from the Regional Vice Chancellor**
- 5.12.1. Mark Durand requested that USFSP create a committee to review and oversee the General Education requirements. It was decided that the Undergraduate Council will be charged with this task as part of the responsibilities of the Council.
- 5.12.2. Mark Durand reported that the summer budget for course offerings is similar to last year's budget and in some cases more funding is available. He also indicated that the Administration wants to support as many courses as possible to be offered this summer. If advisors see a need for additional sections and a College does not

have the funding to support additional sections, the administration will assist in funding the necessary section. He indicated that the required number of students to offer a section will be more flexible to encourage students to enroll in classes at USFSP.
