Dear Rich

BIRDWATCH - Change of transmission dates

Since writing to you our programme controller has decided to bring all transmission dates forward by one day! So, in summary here are the revised dates as they affect you.

1. Sara and I will meet you on Saturday 5 April - I hope it will be OK for you over the weekend.
2. Single camera recording starts on Thursday 17 April.
3. Tony Soper will also visit on 17 (this is a little unfortunate as it clashes with our first day - I might try to delay him a day - but in any event he will only want to be with you for a couple of hours).
4. Production and transmission crew travel to Sanibel on Monday 28 April - you to do likewise if possible.
5. Transmission to UK on Tuesday 29 April. USA transmission probably still 4 May.

I'm sorry about all this - we hope it won't happen again! But I'll confirm by phone and/or on my first visit.

I enclose a copy of our internal publicity which is designed to get us maximum promotion nearer to transmission.

Yours sincerely

Robin Prytherch
Assistant Producer
BIRDWATCH
