FUSE Articulation Program

USFSP Campus Board Meeting

August 9, 2016

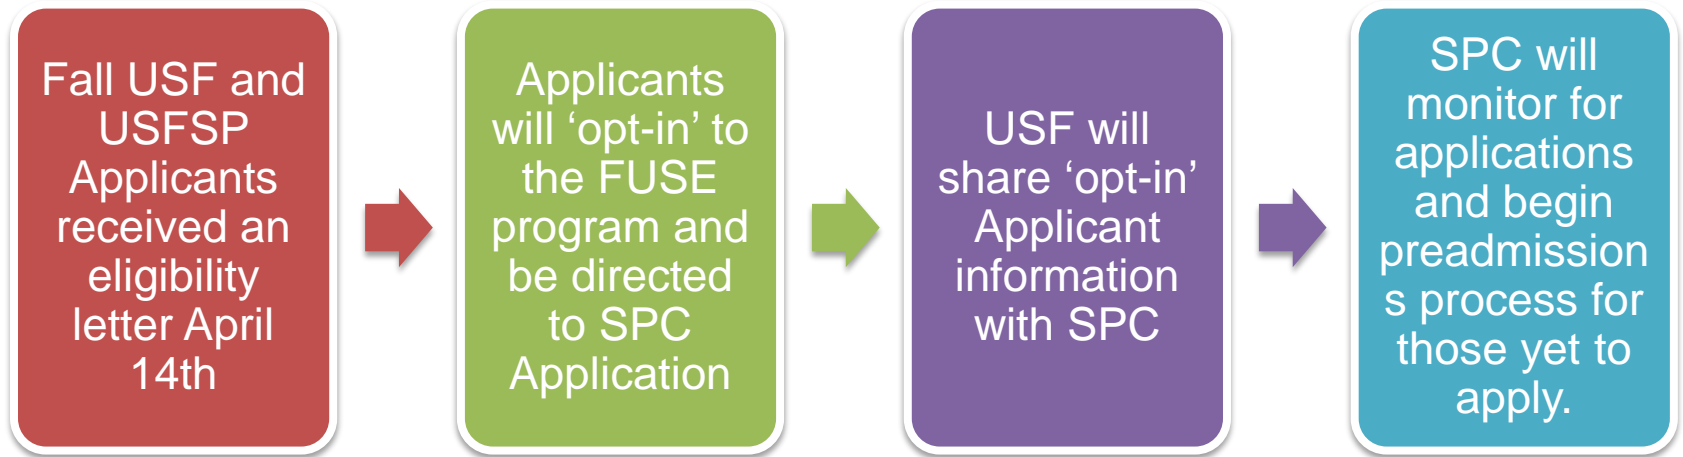

Jesse Coraggio, Ph.D.

*Vice President for Institutional Effectiveness
and Academic Services*

St. Petersburg College

- Designed to promote timely degree completion for students transferring from local FCS institutions to USF System institutions to earn their Bachelor's degree.
- Students will be guaranteed admission to a USF System institution provided they earn their Associate of Arts degree within 3 years with a minimum grade point average of 2.0.

FUSE Program

Summer Pilot

Dear John Smith,

I am happy to inform you that you are among a select group of students receiving an invitation to participate in the FUSE program. FUSE is a pathway program that will provide you with the necessary academic plan to earn your Associate of Arts degree from St. Petersburg College, and then transition into USF St. Petersburg to complete your baccalaureate degree.

Communications

YOUR FUTURE IS COMING TOGETHER AND IT LOOKS GREEN AND GOLD

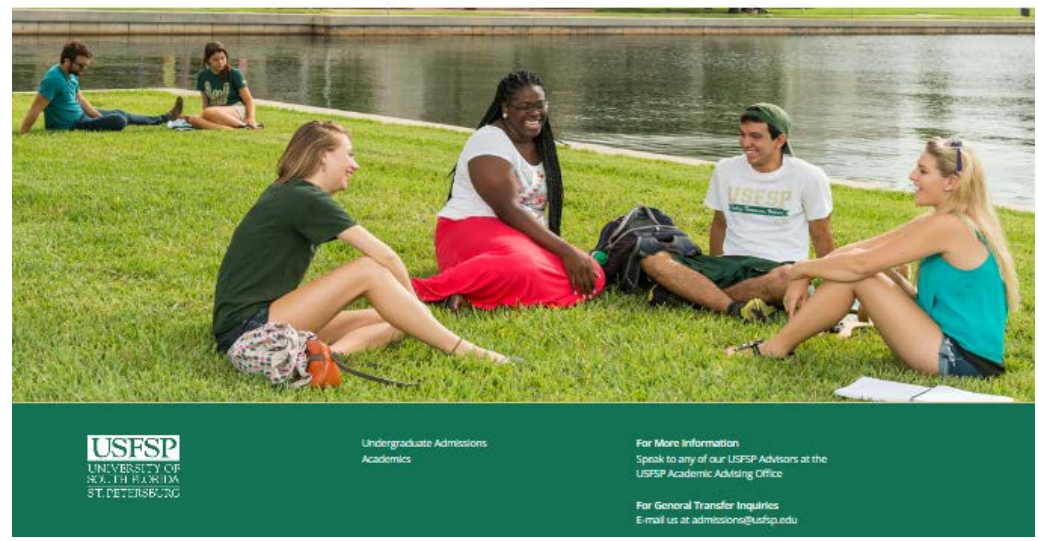

Specially selected students can be a Bull from the get-go, thanks to FUSE – a partnership between St. Petersburg College and the USF System. Start by earning your associate degree from SPC while getting many of the perks of being at USF St. Petersburg or USF Tampa, from access to campus events to specialized advising. When it's time for your bachelor degree, FUSE guarantees you'll be admitted to your planned USF institution.

The FUSE Program is designed to promote your timely Bachelor's degree completion once you have earned an Associate of Arts degree from a participating regional Florida College System institution.

Students offered a place in the program will be guaranteed admission to USFSP or USF Tampa provided that they earn their Associate of Arts degree within 3-4 years, three years preferred, with a minimum grade point average of 2.0.

BENEFITS TO SELECTED STUDENTS

- Selected students will initially enroll at one of the participating FCS institutions, such as St. Petersburg College and will be academically advised onto an academic pathway leading to timely completion of their baccalaureate degree at USF St. Petersburg
- One-on-one, group and remote academic advising to ensure that all FUSE students are on the appropriate degree path and meeting all program requirements
- Students will be placed into degree-applicable courses and reduce the risk of accumulating extra student credit hours
- Greater integration with USF St. Petersburg *before* students transfer
- Sense of belonging to both the college and university communities

Pilot Programs

- Students will be placed on an academic pathway leading to timely completion of a USF baccalaureate degree
- Students will receive one-on-one, group and remote academic advising to ensure they are on the appropriate path and meeting program requirements
- Students will receive support services from FCS institutions and the USF System institutions

Student Support

- Sense of belonging to both the college and university communities
- Greater integration with USF System institutions *before* students transfer
- Reduced risk of accumulating extra student credit hours, which can lead to a surcharge

Benefits to Students

- Expand the FUSE Program in terms of programs and participants
- Creating a USF System/FUSE focus in SPC advising areas
- Development and enhancement of degree mapping tools
- Use of predictive analytics and business intelligence tools to enhance advising and student support services
- Possible expansion to SPC's Fall entering FTIC students
