# USF System 2016 Work Plan

**University of South Florida System**

*University Work Plan Presentation*

*for Board of Governors June 2016 Meeting*

## INTRODUCTION

*The State University System of Florida has developed three tools that aid in guiding the System's future.*

- 1) The Board of Governors' 2025 System Strategic Plan is driven by goals and associated metrics that stake out where the System is headed;*
- 2) The Board's Annual Accountability Report provides yearly tracking for how the System is progressing toward its goals;*
- 3) Institutional Work Plans connect the two and create an opportunity for greater dialogue relative to how each institution contributes to the System's overall vision.*

*These three documents assist the Board with strategic planning and with setting short-, mid- and long-term goals. The Board will use these documents to help advocate for all System institutions and foster even greater coordination with the institutions and their Boards of Trustees.*

*Longer-term goals will inform future agendas of the Board's Strategic Planning Committee. The Board's acceptance of a work plan does not constitute approval of any particular component, nor does it supersede any necessary approval processes that may be required for each component.*

## MISSION STATEMENT (What is your purpose?)

The University of South Florida System, which includes USF (in Tampa), USF St. Petersburg, and USF Sarasota-Manatee, catalyzes and coordinates initiatives that prepare students for successful 21st century careers; advances research, scholarship, and creative endeavors to improve the quality of life; and engages its communities across the Tampa Bay region for mutual benefits.

## VISION STATEMENT (What do you aspire to?)

The University of South Florida System will empower and connect its institutions into a distinctive system that is nationally and globally recognized for innovation in teaching and research, for attracting outstanding and diverse scholars, staff and students, and for transforming the communities it serves.

## STATEMENT OF STRATEGY (How will you get there?)

*Given your mission, vision, strengths and available resources, provide a brief description of your market and your strategy for addressing and leading it.*

The institutions of the USF System develop missions and strategic plans that best fit the communities they serve while also working together to achieve synergies and economies of scale. Under the leadership of the USF Board of Trustees the USF System embraces accountability, relying on a detailed dashboard to track key metrics such as graduation rates, retention rates, research support and faculty awards that are also key components of the Board of Governors' Strategic Plan, including performance-based funding metrics. Engaging in partnerships represents another important strategy; USF and USF St. Petersburg are both recognized by the Carnegie Foundation as community engaged universities. Achieving this recognition at USF Sarasota-Manatee is a key goal of its next strategic plan.

USF, in Tampa, is classified by Carnegie as a doctoral research university, highest research activity, attracting students and faculty of the highest caliber from across the world. The institution is working hard to position itself for AAU eligibility and preeminence as it maintains a commitment to student success, entrepreneurship and innovation, and global engagement.

USF St. Petersburg has developed a new strategic plan for 2014-19, which focuses on developing a distinctive identity as a valued member of the USF System, promoting faculty excellence, student success, strategic partnerships, and sustainable funding and infrastructure. The institution is now in the midst of a comprehensive implementation plan, working to bring those goals to life while maintaining positive momentum on key performance-funding metrics.

USF Sarasota-Manatee is also working toward goals as part of its strategic plan for 2015-2020. This plan focuses on enhancing student success, campus life, intentional enrollment management, high-quality teaching, community engagement and building a base of sustainable resources – all goals that will in turn help bolster the USF System's collective strengths. One such example of this is a burgeoning new partnership between USF and USF Sarasota-Manatee in engineering, where USF Sarasota-Manatee students will complete two years of pre-engineering course work on their home campus, complete an AA certificate and then transfer to the USF campus in Tampa to obtain a baccalaureate in engineering.

The USF System will seek out more of these types of programmatic partnerships among its separately accredited member institutions where it makes sense in order to serve workforce needs across the Tampa Bay region without unnecessary duplication.

## STRENGTHS AND OPPORTUNITIES *(within 3 years)*

### *What are your core capabilities, opportunities and challenges for improvement?*

The core capabilities of the USF System represent the varied strengths of its three complementary member institutions. They include: high-impact scholarship; excellence in teaching and learning; an entrepreneurial spirit, partnerships; a focus on accountability and data-driven decision making; and community engagement. All three institutions are dedicated to student success, and students in the USF System benefit from having an array of course options across Tampa Bay. Programs hosted at one System institution are available to all USF System students.

The challenges for USF include maintaining momentum in student success and institutional quality with limited resources, as the university is working to increase budgetary efficiencies and hold down costs for students. Despite any challenges, the USF System is once again a top performer in the BOG's performance funding model and is looking forward to returning those new funds into key areas that will continue to enhance quality.

USF St. Petersburg and USF Sarasota-Manatee pride themselves on offering students an intimate campus experience and a high level of student-faculty interaction. At the same time, they benefit from associations, efficiencies of shared resources and opportunities for collaboration. Both are developing successful STEM programs that address local and statewide workforce needs and play an important role in regional economic development. At USFSP, challenges include growing needs for teaching and laboratory space as STEM programs prosper and enhancing student success to improve graduation and retention rates. For USFSM, the primary challenge is exploring ways to enhance the campus-life experience as it builds its lower-division student population.

## KEY INITIATIVES & INVESTMENTS *(within 3 years)*

*Describe your top three key initiatives for the next three years that will drive improvement in Academic Quality, Operational Efficiency, and Return on Investment.*

### **1. Continue to enhance student success to maintain momentum as a top performer in the Board of Governors performance-funding model:**

Each of the USF System institutions is working toward continuous improvement in graduation and retention rates, as well as connecting students with post-graduation employment opportunities. This goal is fueled by USF System's commitment to undergraduate research and its cultivation of a global curriculum; USFSP's focus on innovative retention strategies; and USFSM's efforts to enhance its campus environment and career prep services.

### **2. Enhance academic program quality that prepares students for jobs:**

Students who graduate from the USF System should not only graduate on time, but also well prepared for leadership jobs in the workforce. Academic quality must go hand-in-hand with all of our student success initiatives. This is being accomplished through strategic hiring of high-quality, productive faculty; support for interdisciplinary programs that expose students to critical problems of today's world and innovative solutions; and development of partnerships across the USF System and in the larger Tampa Bay community – notably in STEM fields.

### **3. Increase efficiencies and responsible financial practices:**

Across the USF System, financial resources are more precious than ever. As a continual top performer in the Board of Governors' performance-funding model, it is vital that we continue to put our investments to good use to further improve in those key metrics. The USF System is now revisiting its own shared services among its three member institutions, with the goal of increasing efficiencies and further streamlining business services. The USF System will also continue to practice transparent budgeting and maintain its commitment to keeping costs down for students as we maximize investments in areas that support their success.

## PERFORMANCE BASED FUNDING METRICS

	2015 ACTUAL	2016 ACTUAL	2017 GOALS	2018 GOALS	2019 GOALS	2020 GOALS
<b>Percent of Bachelor's Graduates Enrolled or Employed (\$25,000+) within the U.S. One Year After Graduation</b>	65.3% 2012-13	66.8% 2013-14	66.8% 2014-15	69.9% 2015-16	71.9% 2016-17	74.0% 2017-18

Notes: This table reports the number of students enrolled at the university by student type categories. The determination for undergraduate, graduate and unclassified is based on the institutional class level values. Unclassified refers to a student who has not yet been formally admitted into a degree program but is enrolled. The student type for undergraduates is based on the Type of Student at Time of Most Recent Admission. The student type for graduates is based on the degree that is sought and the student CIP code. (1) Includes AA Transfers from the Florida College System. (2) Undergraduate – Other includes Post-Baccalaureates who are seeking a degree. (3) Includes Medical students. (4) Unclassified – Other includes Post-Baccalaureates who are not seeking a degree.

### Planned FTE Enrollment by Method of Instruction *(for all students at all campuses)*

	2012-13 ACTUAL	2013-14 ACTUAL	2014-15 ACTUAL	2015-16 PLAN	2016-17 PLAN	2017-18 PLAN	2018-19 PLAN

Note: Full-time Equivalent (FTE) student is a measure of instructional activity that is based on the number of credit hours that students enroll. FTE is based on the standard national definition, which divides undergraduate credit hours by 30 and graduate credit hours by 24. **Distance Learning** is a course in which at least 80 percent of the direct instruction of the course is delivered using some form of technology when the student and instructor are separated by time or space, or both (per 1009.24(17), F.S.). **Hybrid** is a course where 50% to 79% of the instruction is delivered using some form of technology, when the student and instructor are separated by time or space, or both (per SUDS data element 2052). **Traditional** refers to primarily face to face instruction utilizing some form of technology for delivery of supplemental course materials for no more than 49% of instruction (per SUDS data element 2052).

## ENROLLMENT PLANNING (continued)

### Planned FTE Enrollment Plan by Student Level

	2014-15 ACTUAL	2015-16 ESTIMATE	2016-17 PLAN	2017-18 PLAN	2018-19 PLAN	2019-20 PLAN	2020-21 PLAN	2021-22 PLAN	Planned Annual Growth Rate*

Note: Full-time Equivalent (FTE) student is a measure of instructional activity that is based on the number of credit hours that students enroll. FTE is based on the standard national definition, which divides undergraduate credit hours by 30 and graduate credit hours by 24. Note\*: The Planned Annual Growth Rate is a compounded rate based on the following formula: (2021-22 value divided by the 2016-17 value) to the (1/5) exponent minus one.

### Medical Student Headcount Enrollments

	2014-15 ACTUAL	2015-16 ESTIMATE	2016-17 PLAN	2017-18 PLAN	2018-19 PLAN	2019-20 PLAN	2020-21 PLAN	2021-22 PLAN	Annual Growth Rate*

## STUDENT DEBT & NET COST

### Student Debt Summary

	2010-11	2011-12	2012-13	2013-14	2014-15
Percent of Bachelor's Recipients with Debt	53%	57%	59%	59%	59%
Average Amount of Debt <i>for Bachelor's who have graduated with debt</i>	\$21,780	\$22,620	\$22,720	\$22,610	\$22,650
NSLDS Cohort Year	2008-11	2009-12	2010-13	2011-14	2012-15 Preliminary
Student Loan Cohort Default Rate (3rd Year)	10.1%	9.8%	7.5%	5.4%	5.2%

### Cost of Attendance *(for Full-Time Undergraduate Florida Residents in the Fall and Spring of 2015-16)*

**See Individual USF Institution Work Plans**

### Estimated Net Cost by Family Income *(for Full-Time Undergraduate Florida Residents in the Fall and Spring of 2015-16)*

FAMILY INCOME GROUPS	FULL-TIME RESIDENT UNDERGRADUATES HEADCOUNT	PERCENT	AVG. NET COST OF ATTENDANCE	AVG. NET TUITION & FEES	AVG. GIFT AID AMOUNT	AVG. LOAN AMOUNT	
Below \$40,000	6,482	33%	\$11,308	-\$3,050	\$8,832	\$4,012	
\$40,000-\$59,999	2,313	12%	\$13,275	-\$968	\$6,779	\$3,760	
\$60,000-\$79,999	1,769	9%	\$15,448	\$1,416	\$4,507	\$4,458	
\$80,000-\$99,999	1,503	8%	\$16,477	\$2,588	\$3,364	\$4,781	
\$100,000 Above	4,413	22%	\$16,626	\$2,591	\$3,392	\$3,943	
Not Reported	3,103	16%	n/a	\$3,398	\$2,515	\$134	
<b>TOTAL</b>	<b>19,583</b>	<b>100%</b>	<b>AVERAGE</b>	<b>\$13,925*</b>	<b>\$328</b>	<b>\$5,552</b>	<b>\$3,452</b>

Notes: This data only represents Fall and Spring financial aid data and is accurate as of March 31, 2016. Please note that small changes to Spring 2016 awards are possible before the data is finalized. **Family Income Groups** are based on the Total Family Income (including untaxed income) as reported on student FAFSA records. **Full-time Students** is a headcount based on at least 24 credit hours during Fall and Spring terms. **Average Gift Aid** includes all grants and scholarships from Federal, State, University and other private sources administered by the Financial Aid Office. Student waivers are also included in the Gift Aid amount. Gift Aid does not include the parental contribution towards EFC. **Net Cost of Attendance** is the actual average of the total Costs of Attendance (which will vary by income group due to the diversity of students living on- & off- campus) *minus* the average Gift Aid amount. **Net Tuition & Fees** is the actual average of the total costs of tuition and fees (which will vary by income group due to the amount of credit hours students are enrolled) *minus* the average Gift Aid amount (see page 16 for list of fees that are included). **Average Loan Amount** includes Federal (Perkins, Stafford, Ford Direct, and PLUS loans) and all private loans. 'Not Reported' represents the students who did not file a FAFSA. The bottom-line **Total/Average** represents the average of all full-time undergraduate Florida residents (note\*: the total Net Cost of Attendance does not include students who did not report their family income data).

## UNIVERSITY REVENUES

### University Revenues *(in Millions of Dollars)*

<b>EDUCATION &amp; GENERAL</b>	<b>2014-15</b>	<b>2015-16</b>
<b>Main Operations</b>		
State Funds	\$ 278.2	\$ 293.6
Tuition	\$ 193.1	\$ 200.3
<b>Subtotal</b>	<b>\$ 471.2</b>	<b>\$ 493.9</b>
<b>Health-Science Center / Medical Schools</b>		
State Funds	\$ 74.7	\$ 74.2
Tuition	\$ 50.6	\$ 57.7
<b>SUBTOTAL</b>	<b>\$ 125.2</b>	<b>\$ 131.9</b>
<b>E&amp;G TOTAL</b>	<b>\$ 596.5</b>	<b>\$ 625.7</b>
<b>OTHER BUDGET ENTITIES</b>		
Auxiliary Enterprises	\$ 204.2	\$ 246.1
Contracts & Grants	\$ 281.3	\$ 389.2
Local Funds	\$ 435.0	\$ 482.7
Faculty Practice Plans	\$ 229.2	\$ 245.9

Note: State funds include recurring and non-recurring General Revenue funds, Lottery funds appropriated by the Florida Legislature. Actual tuition includes base tuition and tuition differential fee revenues for resident and non-resident undergraduate and graduate students net of waivers. Source: Tables 1A & 1E of the annual Accountability Report.

## UNIVERSITY TUITION, FEES AND HOUSING PROJECTIONS

**See Individual USF Institution Work Plans**

## DEFINITIONS

### Performance Based Funding

**Percent of Bachelor's Graduates Enrolled or Employed (\$25,000+) in the U.S. One Year After Graduation**

This metric is based on the percentage of a graduating class of bachelor's degree recipients who are enrolled or employed (earning at least \$25,000) somewhere in the United States. Students who do not have valid social security numbers and are not found enrolled are excluded. Note: This data now non-Florida employment data. Sources: State University Database System (SUDS), Florida Education & Training Placement Information Program (FETPIP) analysis of Wage Record Interchange System (WRIS2) and Federal Employment Data Exchange (FEDES), and National Student Clearinghouse (NSC).

**Median Wages of Bachelor's Graduates Employed Full-time in Florida One Year After Graduation**

This metric is based on annualized Unemployment Insurance (UI) wage data from the fourth fiscal quarter after graduation for bachelor's recipients. UI wage data does not include individuals who are self-employed, employed out of state, employed by the military or federal government, those without a valid social security number, or making less than minimum wage. Sources: State University Database System (SUDS), Florida Education & Training Placement Information Program (FETPIP), National Student Clearinghouse.

**Average Cost per Bachelor's Degree**  
*Costs to the university*

For each of the last four years of data, the annual undergraduate total full expenditures (includes direct and indirect expenditures) were divided by the total fundable student credit hours to create a cost per credit hour for each year. This cost per credit hour was then multiplied by 30 credit hours to derive an average annual cost. The average annual cost for each of the four years was summed to provide an average cost per degree for a baccalaureate degree that requires 120 credit hours. Sources: State University Database System (SUDS), Expenditure Analysis: Report IV.

**Six Year FTIC Graduation Rate**

This metric is based on the percentage of first-time-in-college (FTIC) students who started in the Fall (or summer continuing to Fall) term and had graduated from the same institution within six years. Source: Accountability Report (Table 4D).

**Academic Progress Rate**  
*2nd Year Retention with GPA Above 2.0*

This metric is based on the percentage of first-time-in-college (FTIC) students who started in the Fall (or summer continuing to Fall) term and were enrolled full-time in their first semester and were still enrolled in the same institution during the Fall term following their first year with had a grade point average (GPA) of at least 2.0 at the end of their first year (Fall, Spring, Summer). Source: Accountability Report (Table 4B).

**University Access Rate**  
*Percent of Undergraduates with a Pell-grant*

This metric is based the number of undergraduates, enrolled during the fall term, who received a Pell-grant during the fall term. Unclassified students, who are not eligible for Pell-grants, were excluded from this metric. Source: Accountability Report (Table 3E).

**Bachelor's Degrees within Programs of Strategic Emphasis**

This metric is based on the number of baccalaureate degrees awarded within the programs designated by the Board of Governors as 'Programs of Strategic Emphasis'. A student who has multiple majors in the subset of targeted Classification of Instruction Program codes will be counted twice (i.e., double-majors are included). Source: Accountability Report (Table 4H).

**Graduate Degrees within Programs of Strategic Emphasis**

This metric is based on the number of graduate degrees awarded within the programs designated by the Board of Governors as 'Programs of Strategic Emphasis'. A student who has multiple majors in the subset of targeted Classification of Instruction Program codes will be counted twice (i.e., double-majors are included). Source: Accountability Report (Table 5C).

**BOG Choice Metrics**

**Percent of Bachelor's Degrees Without Excess Hours**

This metric is based on the percentage of baccalaureate degrees awarded within 110% of the credit hours required for a degree based on the Board of Governors Academic Program Inventory.

Note: It is important to note that the statutory provisions of the “Excess Hour Surcharge” (1009.286, FS) have been modified several times by the Florida Legislature, resulting in a phased-in approach that has created three different cohorts of students with different requirements. The performance funding metric data is based on the latest statutory requirements that mandates 110% of required hours as the threshold. In accordance with statute, this metric excludes the following types of student credits (ie, accelerated mechanisms, remedial coursework, non-native credit hours that are not used toward the degree, non-native credit hours from failed, incomplete, withdrawn, or repeated courses, credit hours from internship programs, credit hours up to 10 foreign language credit hours, and credit hours earned in military science courses that are part of the Reserve Officers’ Training Corps (ROTC) program). Source: State University Database System (SUDS).

**BOT Choice Metrics**

**Number of Postdoctoral Appointees**  
USF

This metric is based on the number of post-doctoral appointees at the beginning of the academic year. A postdoctoral researcher has recently earned a doctoral (or foreign equivalent) degree and has a temporary paid appointment to focus on specialized research/scholarship under the supervision of a senior scholar.

Source: National Science Foundation/National Institutes of Health annual Survey of Graduate Students and Postdoctorates in Science and Engineering (GSS).

**Preeminent Research University Funding Metrics**

**Average GPA and SAT Score**

An average weighted grade point average of 4.0 or higher and an average SAT score of 1200 or higher for fall semester incoming freshmen, as reported annually in the admissions data that universities submit to the Board of Governors. This data includes registered FTIC (student type='B','E') with an admission action of admitted or provisionally admitted ('A','P','X').

**Public University National Ranking**

A top-50 ranking on at least two well-known and highly respected national public university rankings, reflecting national preeminence, using most recent rankings, includes: Princeton Review, Fiske Guide, QS World University Ranking, Times Higher Education World University Ranking, Academic Ranking of World University, US News and World Report National University, US News and World Report National Public University, US News and World Report Liberal Arts Colleges, Forbes, Kiplinger, Washington Monthly Liberal Arts Colleges, Washington Monthly National University, and Center for Measuring University Performance.

<b>Freshman Retention Rate</b> (Full-time, FTIC)	Freshman Retention Rate (Full-time, FTIC) as reported annually to the Integrated Postsecondary Education Data System (IPEDS). The retention rates that are reported in the Board's annual Accountability report are preliminary because they are based on student enrollment in their second fall term as reported by the 28th calendar day following the first day of class. When the Board of Governors reports final retention rates to IPEDS in the Spring (usually the first week of April), that data is based on the student enrollment data as reported after the Fall semester has been completed. The preliminary and final retention rates are nearly identical when rounded to the nearest whole number.
<b>6-year Graduation Rate</b> (Full-time, FTIC)	Cohorts are based on undergraduate students who enter the institution in the Fall term (or Summer term and continue into the Fall term). Percent Graduated is based on federal rate and does <u>not</u> include students who originally enroll as part-time students, or who transfer into the institution. This metric complies with the requirements of the federal Student Right to Know Act that requires institutions to report the completion status at 150% of normal time (or six years). For more information about how this data is calculated, see: <a href="http://www.flbog.edu/about/budget/docs/performance_funding/PBF_GRADUATION_and_RETENTION_Methodology_FINAL.pdf">http://www.flbog.edu/about/budget/docs/performance_funding/PBF_GRADUATION and RETENTION Methodology FINAL.pdf</a> .
<b>National Academy Memberships</b>	National Academy Memberships held by faculty as reported by the Center for Measuring University Performance in the Top American Research Universities (TARU) annual report.
<b>Science &amp; Engineering Research Expenditures (\$M)</b>	Science & Engineering Research Expenditures, including federal research expenditures as reported annually to the National Science Foundation (NSF).
<b>Non-Medical Science &amp; Engineering Research Expenditures (\$M)</b>	Total S&E research expenditures in non-medical sciences as reported to the NSF. This removes medical sciences funds (9F & 12F in HERD survey) from the total S&E amount.
<b>National Ranking in S.T.E.M. Research Expenditures</b>	The NSF identifies 8 broad disciplines within Science & Engineering (Computer Science, Engineering, Environmental Science, Life Science, Mathematical Sciences, Physical Sciences, Psychology, Social Sciences). The rankings by discipline are determined by BOG staff using the NSF WebCaspar database.
<b>Patents Awarded</b> (3 calendar years)	Total patents awarded by the United States Patent and Trademark Office (USPTO) for the most recent three calendar year period. Due to a year-lag in published reports, Board of Governors staff query the USPTO database with a query that only counts utility patents: "(AN/"University Name" AND ISD/yyyymmdd->yyyymmdd AND APT/1)".
<b>Doctoral Degrees Awarded Annually</b>	Doctoral degrees awarded annually, as reported annually in the Board of Governors Accountability Report.
<b>Number of Post-Doctoral Appointees</b>	The number of Postdoctoral Appointees awarded annually, as reported in the TARU annual report. This data is based on National Science Foundation/National Institutes of Health annual Survey of Graduate Students and Postdoctorates in Science and Engineering (GSS).
<b>Endowment Size (\$M)</b>	This data comes from the National Association of College and University Business Officers (NACUBO) and Commonfund Institute's annual report of Market Value of Endowment Assets - which, due to timing, may release the next fiscal year's data after the Board of Governors Accountability report is published.

Key Performance Indicators	
Teaching & Learning Metrics	
<b>Freshmen in Top 10% of HS Graduating Class</b>	Percent of all degree-seeking, first-time, first-year (freshman) students who had high school class rank within the top 10% of their graduating high school class. As reported by the university to the Common Data Set (C10).
<b>Professional/Licensure Exam First-time Pass Rates</b>	The number of exams with first-time pass rates above and below the national or state average, as reported in the annual Accountability report, including: Nursing, Law, Medicine (3 subtests), Veterinary, Pharmacy, Dental (2 subtests), Physical Therapy, and Occupational Therapy.
<b>Average Time to Degree</b> Mean Years for FTIC in 120hr programs	This metric is the mean number of years between the start date (using date of most recent admission) and the end date (using the last month in the term degree was granted) for a graduating class of first-time, single-major baccalaureates in 120 credit hour programs within a (Summer, Fall, Spring) year.
<b>FTIC Graduation Rates</b> In 4 years (or less)	As reported in the annual Accountability report (table 4D), First-time-in-college (FTIC) cohort is defined as undergraduates entering in fall term (or summer continuing to fall) with fewer than 12 hours earned since high school graduation. The rate is the percentage of the initial cohort that has either graduated from or is still enrolled in the <u>same</u> institution by the fourth academic year. Both full-time and part-time students are used in the calculation. The initial cohort is revised to remove students, who have allowable exclusions as defined by IPEDS, from the cohort.
<b>Bachelor's Degrees Awarded</b>	This is a count of baccalaureate degrees awarded as reported in the annual Accountability Report (Table 4G).
<b>Graduate Degrees Awarded</b>	This is a count of graduate degrees awarded as reported in the Accountability Report (Table 5B).
<b>Bachelor's Degrees Awarded To African-American and Hispanic Students</b>	Non-Hispanic Black and Hispanic do not include students classified as Non-Resident Alien or students with a missing race code – as reported in the Accountability Report (table 4I). Students who earn two distinct degrees in the same term are counted twice – whether their degrees are from the same six-digit CIP code or different CIP codes. Students who earn only one degree are counted once – even if they completed multiple majors or tracks. Percentage of Degrees is based on the number of baccalaureate degrees awarded to non-Hispanic Black and Hispanic students divided by the total degrees awarded - excluding those awarded to non-resident aliens and unreported.
<b>Adult (Aged 25+) Undergraduates Enrolled</b>	This metric is based on the age of the student at the time of enrollment (not upon entry). Age acts as a surrogate variable that captures a large, heterogeneous population of adult students who often have family and work responsibilities as well as other life circumstances that can interfere with successful completion of educational objectives.
<b>Percent of Undergraduate FTE Enrolled in Online Courses</b>	Full-time Equivalent (FTE) student is a measure of instructional activity that is based on the number of credit hours that students enroll. FTE is based on the US definition, which divides undergraduate credit hours by 30. Distance Learning is a course in which at least 80 percent of the direct instruction of the course is delivered using some form of technology when the student and instructor are separated by time or space, or both (per 1009.24(17), F.S.).
<b>Percent of Bachelor's Degrees in STEM &amp; Health</b>	The percentage of baccalaureate degrees that are classified as STEM by the Board of Governors in the SUS program inventory as reported in the annual Accountability Report (Table 4H).
<b>Percent of Graduate Degrees in STEM &amp; Health</b>	The percentage of baccalaureate degrees that are classified as STEM by the Board of Governors in the SUS program inventory as reported in the annual Accountability Report (Table 5C).

## Key Performance Indicators (continued)

### Scholarship, Research & Innovation Metrics

<b>Faculty Awards</b>	<p>Awards include: American Council of Learned Societies (ACLS) Fellows, Beckman Young Investigators, Burroughs Wellcome Fund Career Awards, Cottrell Scholars, Fulbright American Scholars, Getty Scholars in Residence, Guggenheim Fellows, Howard Hughes Medical Institute Investigators, Lasker Medical Research Awards, MacArthur Foundation Fellows, Andrew W. Mellon Foundation Distinguished Achievement Awards, National Endowment for the Humanities (NEH) Fellows, National Humanities Center Fellows, National Institutes of Health (NIH) MERIT, National Medal of Science and National Medal of Technology, NSF CAREER awards (excluding those who are also PECASE winners), Newberry Library Long-term Fellows, Pew Scholars in Biomedicine, Presidential Early Career Awards for Scientists and Engineers (PECASE), Robert Wood Johnson Policy Fellows, Searle Scholars, Sloan Research Fellows, Woodrow Wilson Fellows. As reported by the Top American Research Universities – see: <a href="http://mup.asu.edu/research_data.html">http://mup.asu.edu/research_data.html</a>.</p>
<b>Total Research Expenditures (\$M)</b>	<p>Total expenditures for all research activities (including non-science and engineering activities) as reported in the National Science Foundation annual survey of Higher Education Research and Development (HERD).</p>
<b>Percent of R&amp;D Expenditures funded from External Sources</b>	<p>This metric reports the amount of research expenditures that was funded from federal, private industry and other (non-state and non-institutional) sources. Source: National Science Foundation annual survey of Higher Education Research and Development (HERD).</p>
<b>Licenses/Options Executed</b>	<p>Licenses/options executed in the fiscal year for all technologies as reported in the annual Accountability Report (table 6A).</p>
<b>Number of Start-up Companies</b>	<p>The number of start-up companies that were dependent upon the licensing of University technology for initiation as reported in the annual Accountability Report (table 6A).</p>

**Student Debt Summary**

**Percent of Bachelor’s Recipients with Debt**

This is the percentage of bachelor’s graduates in a given academic year who entered the university as a first-time-in-college (FTIC) student and who borrowed through any loan programs (institutional, state, Federal Perkins, Federal Stafford Subsidized and unsubsidized, private) that were certified by your institution - excludes parent loans. Source: Common Dataset (H4).

**Average Amount of Debt for Bachelor’s who have graduated with debt**

This is the average amount of cumulative principal borrowed (from any loan program certified by the institution) for each native, FTIC bachelor’s recipient in a given academic year that graduated with debt – see metric definition above. This average does NOT include students who did not enter a loan program that was certified by the institution. Source: Common Dataset (H5).

**Student Loan Cohort Default Rate (3rd Year)**

Student loan cohort default rate (CDR) data includes undergraduate and graduate students, and refers to the three federal fiscal year period when the borrower enters repayment and ends on the second fiscal year following the fiscal year in which the borrower entered repayment. Cohort default rates are based on the number of borrowers who enter repayment, not the number and type of loans that enter repayment. A borrower with multiple loans from the same school whose loans enter repayment during the same cohort fiscal year will be included in the formula only once for that cohort fiscal year. Default rate debt includes: Federal Stafford Loans, and Direct Stafford/Ford Loans – for more information see: <http://ifap.ed.gov/DefaultManagement/CDRGuideMaster.html>.

Three Year CDR			
Cohort Fiscal Year	Year Published	Borrowers in the Numerator Borrowers in the Denominator	3-Yr Time Period (Numerator) 1-Yr Time Period (Denominator)
2009	2012	Borrowers who entered repayment in 2009 and defaulted in 2009, 2010 or 2011 Borrowers who entered repayment in 2009	10/01/2008 to 9/30/2011 10/01/2008 to 9/30/2009
2010	2013	Borrowers who entered repayment in 2010 and defaulted in 2010, 2011 or 2012 Borrowers who entered repayment in 2010	10/01/2009 to 9/30/2012 10/01/2009 to 9/30/2010
2011	2014*	Borrowers who entered repayment in 2011 and defaulted in 2011, 2012 or 2013 Borrowers who entered repayment in 2011	10/01/2010 to 9/30/2013 10/01/2010 to 9/30/2011
