Dear Mr. ^{Mike}Duever:

Subject: Haynes Williams Citrus Project, Application No. 901231-53

In a letter to the District dated November 11, 1991, Mr. Scott Hedges, indicated that you may have existing well or water table data for the Kissimmee Prairie Sanctuary. As you may be aware, the District is currently reviewing a surface water management permit application for a citrus grove proposed immediately south of the Sanctuary. Any information concerning the Sanctuary water table would be a tremendous benefit to staff in understanding the hydrology of the area, and any potential effect of the proposed citrus grove on the Sanctuary.

I thank you for your cooperation in advance. If you have any questions in regards to the above mentioned application please contact Ginger Sinn at this office.

Sincerely,

Terrie Bates, Director
Natural Resource Management Division
