- USF system gen ed articulation agreement
 - Essentially, the conversation across all USF Institutions was moving in agreement that, when a student transfers from USFSM, USFSP, or USFT to a different USF System Institution with an "institutional GE course met", each institution is agreeing to honor that course. This will **not** allow a USFSP student to take a USFT "institutional GE course" and have it count. It only works for the student who took the course while coded to the applicable institution. The record must be hand manipulated by the advisor when a USFT or USFSM student changes to USFSP. This represents carrying forward the articulation agreement we have had in place since 2008. I believe Bob Sullins is looking at getting another articulation agreement signed. Bob was a strong supporter of keeping this agreement in place. It provides for our "sister" institutions to have the same consideration as transfer institutions outside the USF System. Please let me know if the GE Committee has any problem with continuing this policy. Ultimately, it is the GE Committee's call. I believe it is in our best interest to continue this practice.
