THE STUDIO@620 PRESENTS

Alphabet Of Art

Featuring work by 34 artists from 7 different countries and 20 cities, Alphabet of Art is more than an exhibition of fine and innovative modern art—it takes the viewer to a new level of consciousness in its examination of the visual importance of letters, numbers, and music, integrating them with other images, creating works where different ideas, principles and approaches to art meet. A truly international exhibit about building global understanding and peaceful communication, Alphabet of Art attempts to identify the motives which compel artists to go beyond traditional boundaries. This exhibition has garnered international attention, traveling to Moscow and St. Petersburg, Russia and a copy is presently touring Australia. It opened last year in Philadelphia and now is here in St. Petersburg.
