## Florida Birds in the Periodical Literature, 1976.

This new feature is designed to help Florida naturalists keep abreast of recent articles about Florida birds not published in the *FFN*. Authors are requested to send reprints of their articles to the Editor for inclusion in this annual feature. All articles were published in 1976 unless otherwise noted.

- Abramson, I.J. The Black Hawk (*Buteogallus anthracinus*) in south Florida. *Amer. Birds* 30: 661-662. — Ft. Lauderdale and Dade Co. This paper presented at the Spring 1976 FOS meeting at Coral Gables.
- Bock, C.E., and L.W. Lepthien. Population growth in the Cattle Egret. *Auk* 93: 164-166. — Analysis based on Christmas Bird Counts, many of which are from Florida.
- Brown, W.H. Winter population trends in the Black and Turkey vultures. *Amer. Birds* 30: 909-912. — During 1954-1973, 32.6 percent of all vultures reported on CBC's were from Florida. This is 13.2 percent more than the next highest state, Maryland.
- Campbell, K.E., Jr. An early Pleistocene avifauna from Haile XVA, Florida. *Wilson. Bull.* 88: 345-347. — Alachua Co.
- Duncan, R.A. The Black-whiskered Vireo: a summary of its status on the northern Gulf Coast. *Amer. Birds* 30: 658-660. — "Now a rare but regular spring transient and summer visitor which may possibly breed occasionally." Discusses recent sightings at Gulf Breeze, Santa Rosa Co.
- Eicholz, N.F. Winter gobbling in Wild Turkeys. *Proc. Ann. Conf. SE Assoc. Game and Fish Comm.* 29: 639-640. — Includes observations in north Florida.
- Fisk, E.J. Winter bird population study. 38. Pineland, scrub and residential. *Amer. Birds* 30: 1055. — Homestead, Dade Co.
- Fisk, E.J. Notes on a winter bird-population study: observation versus netting. *Amer. Birds* 30: 1075. — Homestead, Dade Co.
- Kilham, L. Winter foraging and associated behavior of Pileated Woodpeckers in Georgia and Florida. *Auk* 93: 15-24. — Includes observations made at Archbold Biological Station, Highlands Co.
- Kushlan, J.A. Feeding behavior of North American herons. *Auk* 93: 86-94. — Many observations summarized here made in Florida.
- Kushlan, J.A. Site selection for nesting colonies by the American White Ibis *Eudocimus albus* in Florida. *Ibis* 118: 590-593.
- Kushlan, J.A. Feeding rhythm in nestling White Ibis. *Wilson Bull.* 88: 656-658. — Study of captive Florida nestlings.
- Kushlan, J.A. Wading bird predation in a seasonally fluctuating pond. *Auk* 93: 464-476. — Herons, White Ibis, and Wood Storks in the

Big Cypress Swamp, Collier Co.

- Kushlan, J.A., and M.S. Kushlan. Winter bird population study. 63. Everglades marsh. Amer. Birds 30: 1066-1067. — Everglades Natl. Park, Dade Co.
- Moseley, L.H. Winter bird population study. 78. Suburban school park. Amer. Birds 30: 1072-1073. — Deerfield Beach, Broward Co.
- Nesbitt, S.A., D.T. Gilbert, and D.B. Barbour. Capturing and banding Limpkins in Florida. Bird-Banding 47: 164-165. — Marion and Putnam Co's., Lake Oklawaha.
- Nesbitt, S.A., R.R. Roth, and W. B. Robertson, Jr. The status of the Bald Eagle in Florida 1972-1975. Proc. Ann. Conf. SE Assoc. Game and Fish Comm. 29: 424-428.
- Ogden, J.C., J.A. Kushlan, and J.T. Tilmant. Prey selection by the Wood Stork. Condor 78: 324-330. — Everglades Natl. Park.
- Olson, C.S. Band-tailed Gull photographed in Florida. Auk 93: 176-177. — On 6 June 1970 at Marco Island, Collier Co.
- Owre, O.T. Bahama Woodstar in Florida: First specimen for continental North America. Auk 93: 837-838. — Specimen obtained in Miami, Dade Co., on 31 January 1961, originally identified as an unidentified species of *Selasphorus*, recently identified as *Calliphlox evelynae*.
- Postupalsky, S. Banded northern Bald Eagles in Florida and other southern states. Auk. 93: 835-836. — First record of northern subspecies in Florida. Nestling banded in Michigan 28 June 1969 found shot near Perry, Taylor Co., on 1 January 1970.
- Schreiber, E.A. A new method for restraining live birds. Bird-Banding 47: 165. — Use of a cardboard tubular food container (for potatoe chips) does not entirely replace the Austin-Robertson-Woolfenden liquor box method. Technique perfected on the *Dry Tortugas!*
- Schreiber, R.W. Movements of color marked Brown Pelicans. Bird-Banding 47: 101-111. — Includes recoveries of nestlings banded in Pinellas and Brevard Co's.
- Schreiber, R.W. Growth and development of nestling Brown Pelicans. Bird-Banding 47: 19-39. — Tarpon Key, Pinellas Co.
- Schreiber, R.W., and J.M. Lawrence. Organic material and calories in Laughing Gull eggs. Auk 93: 46-52. — Eggs collected at the Bayway colony, Boca Ciega Bay, Pinellas Co.
- Sykes, P.W. Cliff Swallow breeding in south-central Florida. Wilson Bull. 88: 671-672. — Port Mayaca, St. Lucie Canal, Martin Co., June 1975.
- Taylor, W.K. Wing-flashing and other behavior of a Mockingbird

- towards its dead young. *Wilson Bull.* 88: 666. — Orlando, Orange Co.
- Taylor, W.K. Variations in the black mask of the Common Yellowthroat. *Bird-Banding* 47: 72-73. — Based on Florida tower-kills.
- Taylor, W.K. Migration of the Common Yellowthroat with an emphasis on Florida. *Bird-Banding* 47: 319-332. — Analysis of banding data and Florida specimens from TV towers near Bithlo and at Tall Timbers Research Station and from the Verticle Assembly Building, Cape Kennedy, Brevard Co.
- Thompson, R.L. Change in status of Red-cockaded Woodpecker colonies. *Wilson Bull.* 88: 491-492. — Comparison of a 1973-74 survey of colonies in 10 southeastern states with a similar 1969-70 survey reveals a 13.1% decrease in the number of active colonies. Of 271 colonies, 130 located in Florida.
- White, S.C., W.B. Robertson, Jr., and R.E. Ricklefs. The effect of hurricane Agnes on growth and survival of tern chicks in Florida. *Bird-Banding* 47: 54-71. — Sooty and Brown Noddy terns on the Dry Tortugas, Monroe Co.
- Weise, J.H. Courtship and pair formation in the Great Egret. *Auk* 93: 709-724. — Some observations made at St. Marks National Wildlife Refuge and Smith Island, Waukulla Co. This paper presented at the Spring 1975 FOS meeting at Tallahassee.
- Woolfenden, G.E., S.C. White, R.L. Mumme, and W.B. Robertson, Jr. Aggression among starving Cattle Egrets. *Bird-Banding* 47: 48-53. — Dry Tortugas, Monroe Co.
- Woolfenden, G.E. A case of bigamy in the Florida Scrub Jay. *Auk* 93: 443-450. — Archbold Biological Station, Highlands Co.
- Woolfenden, G.E. Co-operative breeding in American birds. *Proc. 16th Internatl. Ornithol. Congr.* 674-684. — Includes observations made at the Archbold Biological Station, Highlands Co.
- Baldwin, J.H. A study of the thermoregulatory capacities of four subspecies of Sandhill Crane nestlings. *Proc. Int. Crane Workshop* 1: 291-295. — Includes data from 3 artificially hatched Florida cranes.
- Nesbitt, S.A. Capturing Sandhill Crane with oral tranquilizers. *Proc. Int. Crane Workshop* 1: 296-298. — Florida and Greater Sandhill Cranes in Alachua, Manatee, and Glades Co's.
- Nesbitt, S.A. Use of radio telemetry techniques on Florida Sandhill Cranes. *Proc. Int. Crane Workshop* 1: 299-303. — Three adults tracked on Payne's Prairie, June-July 1973.
- Walkinshaw, L.H. Sandhill Crane on and near the Kissimmee Prairie, Florida. *Proc. Int. Crane Workshop* 1: 1-18. — Nesting biology and population density, 1938-1975.
