Dear Mr. Heintzelman,

I met and talked with you after your Audubon Lecture Series presentation at Moravian College in February of this year. As you may recall, I mentioned to you that I had just been hired by the National Audubon Society as their Warden-Biologist for the Tampa Bay Sanctuary. At that time, I had not yet assumed the position and did not know what my address would be.

Since our meeting I have moved to Florida and have assumed the responsibilities of the sanctuary here. I would like to extend to you an open invitation to visit this sanctuary whenever you are in the area. I am sure you would find it interesting especially during the nesting season, which starts in March and continues through the summer. If I can be helpful in any other way please feel free to get in touch with me.

In addition to my address, my telephone number is a.c. 813 645-9484.

Sincerely,

Frank Dunstan
