WILD LIFE THRU THE LENS

An Illustrated Lecture with Colored Motion Pictures by

ALLEN D. CRUICKSHANK

of the National Association of Audubon Societies

in the

Sanborn Auditorium, Hingham High School

Friday, February 23rd at 7:30 P.M.

An unusual opportunity to hear the Audubon Society's ace lecturer on wild life and to see perhaps the finest colored movies of birds ever taken.

Mr. Cruickshank spoke to over 200,000 people last year in the major cities of America. It is only through the kindness of our fellow townsman, Carl Buchheister and the fact that Mr. Cruickshank speaks the following night in Boston, that we are able to have him in Hingham.

His lecture is particularly interesting to children as he intersperses his talk with bird calls and dramatic descriptions of bird habits.

The lecture is given under the auspices of the Hingham Public Schools and Derby Academy.
