MEMO

To..... Jim Rodgers April 16, 19 80

From..... Norman L. Brunswig Re:

Jim,

I have been thinking about ways to get you a good tiller for next year, and I believe we may be able to do it. Would it be possible for you to send me two sets of 4-6 color prints of the island, the birds, you or someone else tilling, and tilled and untilled area? The prints should be no larger than 5x7. Also, could you write up a description of the tern project, especially why the habitat work is necessary?

I would like to approach two tiller manufacturers directly for a donation. Do you have any problem with this? Would you prefer to do it yourself? I believe that this is a natural. I may not have told you, but Garden Way Corporation gave us a nice garden cart for use on the boardwalk.
