Action Item 1. Approval of the USF St. Petersburg 5-Year Capital Improvement Plan (CIP) Legislative Request for fiscal years 2003/04 – 2007/08.

Interim Vice President and CEO, Ralph Wilcox, provided a brief overview of the Capital Improvement Plan for USF St. Petersburg. The plan identifies new academic and academic support buildings necessary for USF St. Petersburg to prosper as an autonomous, yet complementary campus of the University of South Florida , a Research I University. Such capital investment will be essential to the campus's ability to keep pace with increased student enrollment and to significantly enhance faculty and student research over the next five years.

President Genshaft thanked Dr. Wilcox for the hard work he and USF St. Petersburg staff put into the presentation materials.

The motion to approve was made by Jeff Huenink and seconded by Dennis Zank . The motion was unanimously approved by a quorum.

Other Business

Jeff Huenink reported that two significant legislative issues; the proposed classroom size amendment, and the Graham amendment, would likely have a significant impact on higher education. He encouraged the University to be proactive in developing strategies to address these issues and minimize their impact.

The meeting was adjourned at 10:25 a.m.
