**Sailing Program:** Intercollegiate athletics is a central function for the University of South Florida. However, sports may be based on any campus. Women's Sailing is hosted by USF St. Petersburg.

The USF St. Petersburg Division of Student Affairs provides liaison between USF St. Petersburg and the Department of Intercollegiate Athletics. This liaison includes, but is not limited to, facilities, equipment, maintenance and advice concerning budgets, recruiting, and employee performance. Intercollegiate Athletics provides administrative oversight and financial control including accreditation standards, planning, evaluation, and compliance with NCAA rules and regulations, and appropriate academic support programs for student athletics.

The Division of Student Affairs also sponsors a Co-Ed Sailing Team (club sport) in conjunction with USF St. Petersburg Student Government. The Co-Ed Sailing Team is comprised of male sailors and novice female sailors. While NCAA compliance is not required, every effort is made to maintain minimum NCAA standards.

**Student Housing:** The Division of Student Affairs contracted a prominent consulting firm to complete a Comprehensive Study of Residence Life Program/Housing System which was completed in 2002. The study included an assessment of the demand for on-campus housing among current and prospective students, an outline of the future residence life program, a detailed pro forma and a financing plan. The student housing project is scheduled to open in Fall 2006.
