FILM SERIES

BORN-FREE

Real life husband and wife team play the Adamsons-- a senior game warden and his wife in Kenya, who inherit three lion cubs whose parents were killed. The wife Joy becomes particularly attached to Elsa, the smallest cub, who is her constant companion. When the cubs become old enough to ship to the zoo, Joy is so heart-broken that Elsa is allowed to remain. She becomes a member of the family, rarely venturing out into the jungle. When the Adamsons are transferred to England, a problem arises for the lion "born free". The solutions are quite amusing and the entire film is one of the most delightful seen in years.

"Born Free" will be shown November 10th in the newly renovated auditorium located in A-building at 8:00 p.m. Open to all students and guests. Bring ID.
