SA Elections Tomorrow; 26 Want 22 Seats

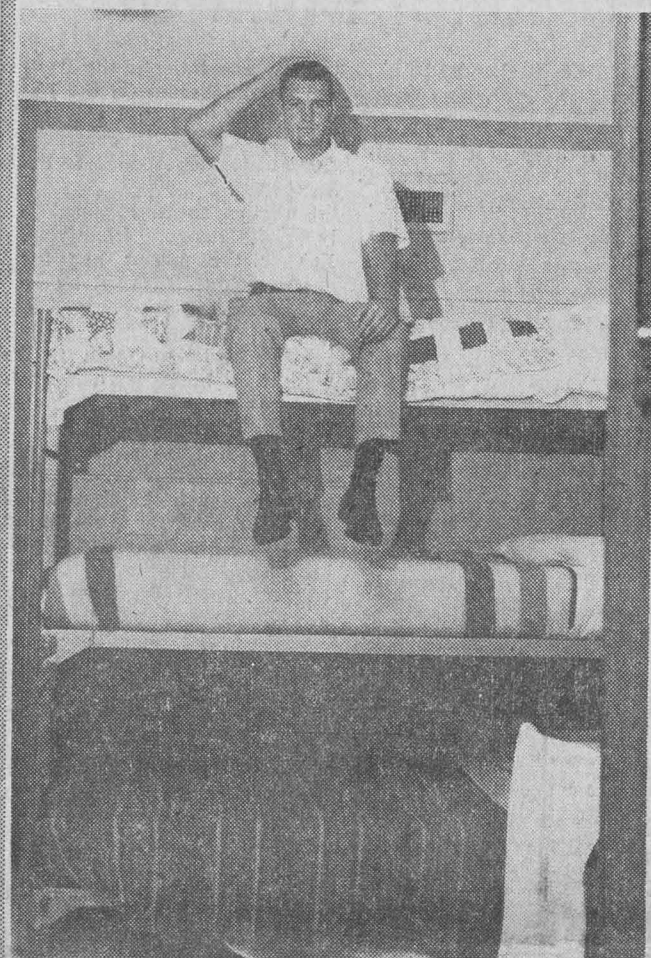

Dorm Jam Abates

Twenty-seven residence students who were initially placed in tripled rooms and lounges have moved into regular housing arrangements as of Sept. 17.

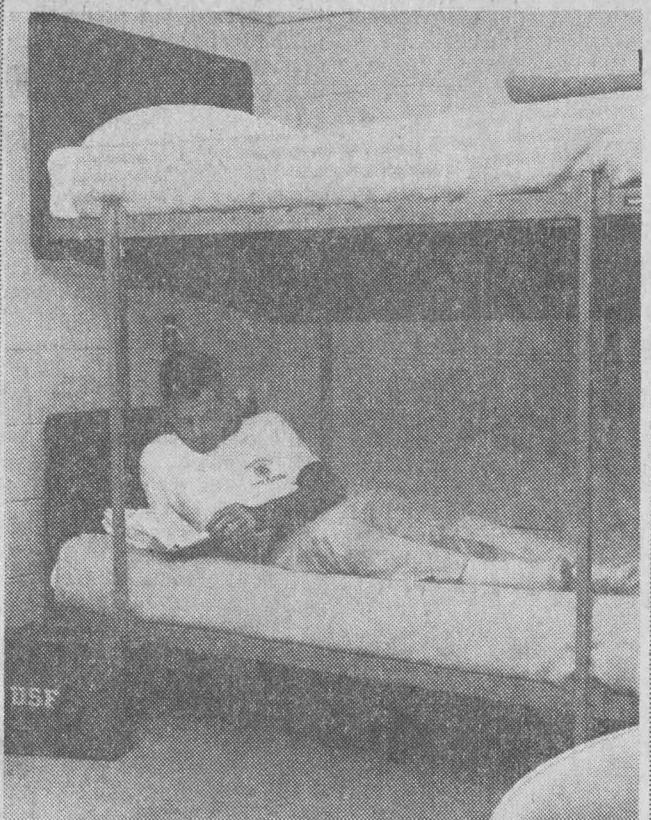

The original number of overflow students was 164 because of dropouts, the total is now 137.

Ten boys have acquired rooms in Alpha, Beta, and Eta. Seventeen girls have acquired rooms in Delta and Epsilon. Forty-six rooms in Alpha and 47 rooms in Beta are still tripled. In Delta, Epsilon, Zeta, and Eta, there are four students to a lounge. Fifteen girls in Delta, 16 girls in Epsilon, eight boys in Zeta, and six boys in Eta are still under this special arrangement.

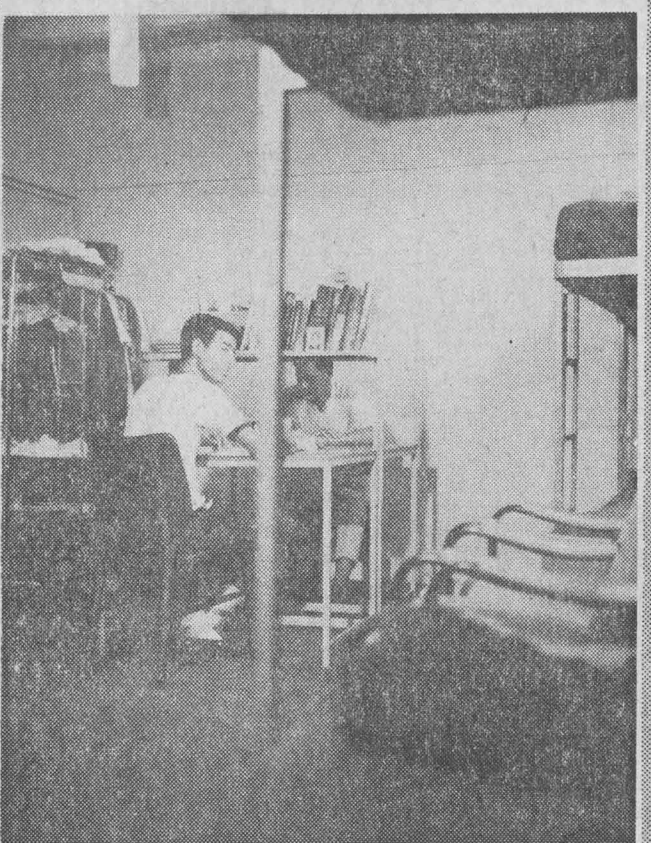

Asked if this problem will exist in January, Ray King, director of housing said, "I don't know."

Bay Campus Bus Not for Students

By JULIAN EFIRD
AND ALLAN SMITH
Campus Staff Writers

USF's only regular link with Bay Campus carries no students. Faculty members, resident instructors and inter-departmental mail are the only passengers who ride in the air-conditioned VW bus, reports Phil Gorce, interim center administrator for Bay Campus.

The bus runs five days a week, Monday through Friday, departing for St. Petersburg at 7:40 a.m. and completing four circuits between the two campuses by 5:45 p.m.

Although it covers some 300 miles each day, the Physical Plant reports that the bus runs on time.

The bus service costs \$48 a day to operate.

The executive committee composed of the president and

major deans, limits the bus use to faculty and RI's. An ad hoc committee has been appointed to consider the operation of the present bus facilities and also make recommendations on the proposal of buying a larger bus for student use.

The committee recommended that a second bus not be purchased at the present time because they did not believe there was adequate need for such a purchase.

"If the situation ever exists that it would be necessary to transport students from Bay Campus to the main campus three to five busses would be needed. One bus could transport only 20 per cent of the student body," Clyde B. Hill, director of the Physical Plant, said.

Hill added that money would be appropriated to rent busses for such a situation.

Ar UC Desk

Minstrel Tickets On Sale Tomorrow

Tickets will go on sale tomorrow at the UC information desk for the Oct. 15 performance of the New Christy Minstrels.

Admission prices will be \$1.50 for students and \$2.50 general.

The Minstrels will play at the Curtis-Hixon Auditorium Friday, Oct. 15, at 8 and again at 10:30 p.m.

General admission tickets may be purchased at the Curtis-Hixon Auditorium at 600 Ashley in Tampa. All tickets will be sold on a first-come-first-serve basis.

The SA is sponsoring the event in conjunction with the annual observance of Autumn Antics.

The group is composed of seven boys and two girls. They have brought the hootenanny to both the White House and England.

Among their more popular songs are "Green Fields" and "Saturday Night." Their five albums have sold over three million copies. At one concert at the Hollywood Bowl they brought in 21,000 people.

The Minstrels perform "en masse," and each individual of the group has his or her own specialty which can be performed as a solo. They accompany themselves on banjos, gui-

Award To Honor Student

Educational Resources has created an award to be presented to their outstanding student assistant for each academic year. The award will cover a year's work retroactive to Jan. 1, 1965.

Student assistants will nominate and vote among themselves in selecting the outstanding student. A committee of Educational Resources staffers, consisting of Paul Koenig, Wellington Estey and Kenneth Stanton, will make the final decision.

Winner of the award will be named at the Educational Resources Christmas party.

The winner will be presented with a \$50 check and will have his or her name engraved on a plaque to be displayed in the Educational Resources reception room.

Two auxiliary winners will receive \$15 awards.

Student assistants working in audio-visual, radio-television, graphics, photography, engineering and instructional materials are eligible for the award.

USF Handbook Available in UC

The 1965-66 Student Handbook is now available at the UC desk for all students who have not received one.

According to Herbert J. Wunderlich, dean of student affairs, rules affecting all students are stated and explained in it.

"Students are expected to be familiar with university rules and to abide by them," he said.

tars and bass and. As "Variety" put it: "The wide assortment of instruments and voices give the group all the full-blown force with a captivating drive."

"Songs of the melancholy nature," says a brochure about them, "are carefully avoided by the New Christy Minstrels. A grouchy can't sing a happy song, and a neurotic can't associate with traditional Americana."

Advisor Answers Critical Editorial

By JANET TILLER
Campus Staff Writer

Henry M. Robertson, Coordinator of Student Advising, has expressed concern and dismay over the editorial criticizing University advising procedures that appeared in the Sept. 13 issue of the Campus Edition.

An interview with Robertson revealed there does exist on the campus a well-planned program set up to advise full-time students in the College of Basic Studies. An advisor is assigned to each student as soon as he is accepted by the University.

As nearly as possible, advisors assigned are specialists in the major field in which the student is interested.

Contrary to the opinion expressed in the editorial, these advisors volunteer their services. They are not coerced into advising students. Teaching loads are reduced for advisors in order that they may devote the necessary time to students. Each advisor maintains a minimum of 10 office hours per week for this purpose, Robertson stated.

Currently, there are 25 advisors who deal with over 4,000 freshmen and sophomore students. Procedures and policies of student advising are defined in a handbook provided each advisor. Regular staff meetings with the advisors are held by Robertson every two weeks.

Robertson sees the role of student advising to insure the beginning student a structured program that will enable him to achieve his long range objectives.

Student advising also makes sure the student is placed in the proper level in the CB program. Students whose qualifications permit may exempt a CB course, or take the course by examination. Student advising facilitates these arrangements.

Robertson emphasized that student advisors are assigned to degree-seeking CB students only. Part-time and non-degree seeking students may be assigned to them.

King Family Adds Daughter

Mr. and Mrs. Raymond King, 2713 Varsity Circle, Tampa, are the parents of a daughter weighing 8 pounds, 14 ounces, born 7 a.m. Sept. 23 at St. Joseph's Hospital.

King is director of housing at USF. This is their first child.

News of births, weddings, and engagements occurring within the USF community will be published in the Campus Edition, Jay Beckerman, editor, announced.

Editor's note: The Campus Edition asked for platforms from all the candidates.

Campus politics will take life tomorrow with the elections for representatives to the SA Legislature. The polls, in UC 226 from 8 a.m. to 7 p.m. and in front of Argos, from 8 a.m. to 5 p.m. Voting will be by ballot.

A total of 26 candidates are running from the various colleges—Liberal Arts (five seats open), Business Administration (four seats), Engineering (one seat), Education (four seats) and Basic Studies (eight seats).

Candidates and Platforms:
ROY ASHLEY, College of Basic Studies:

I am requesting your support so that I can make your needs and ideas known to the student legislature and administration. If elected I will work for such improvements as opening the restricted elevators in the dormitories and various other buildings to all students and to have paper toweling kept in dormitory restrooms.

I feel it is the duty of representatives not only to act on complaints and ideas brought to them, but also that they should go to their electorate to find out what they want.

Robert Brown, College of Basic Studies:

The object of student representation is service, as with any publicly-elected office. It is true that service to one's fellow student is the goal, but service implies responsibility—to fulfill the duties, to do the job well.

As an incumbent I realize the great responsibility that rests on each representative. I believe that even a highly competent representative cannot do justice to the office in one short term, for service is a continuous process. I have a continuing desire to serve the students here at USF.

Robert Jett, Basic Studies:

This will give us an opportunity to get acquainted. My

name is Bob Jett and I need your help. Our SA is doing a wonderful job and it will be better, for progress is a product of our American ideal. Remember, the word "American" ends with "I can."

Well, I can. I can represent you in our SA, but only with your votes. My experience as sophomore class treasurer, vice president of my student council, and president and then treasurer of my church organization will be an asset if I'm elected.

Patty LaBrot, Basic Studies:

Whereas, the student government is composed from and governs the student body, I feel a harmonious and informative relationship should be established between them. Due to my past experience as a legislator, I feel this problem is the most important facing the SA now. For without communication, any legislation would be ineffective. Information regarding issues currently under legislative debate, committee reports, executive branch activities and issues which have direct bearing on student life should be brought to the attention of the student body. I feel this can be accomplished through proper legislation, that I would present, to establish an effective line of communication to the student body.

Joan Lindsey, Basic Studies:

Trimester II last year I was honored to be elected a representative to the SA Legislature, and I served on the projects committee. As a member of this committee I helped plan the SA retreat to Chissegut this summer.

The legislature has more work to do for you and our university this year, and as your representative I will do my best to bring your ideas and suggestions before the legislature. You can help make the largest college in our university the best represented.

Joe McDaniel, Basic Studies:

"Experience: I feel that my student government activities in high school and at Michigan State University have given me a working knowledge of student governments in general.

Purpose: First, I am willing to work for the SA. Second, though seldom admitted by prospective candidates, I want to gain specific knowledge and experience in the SA here at USF. I want to use this as a foundation or background for seeking higher offices within the SA when that time comes.

Allan Smith, Basic Studies:

Many problem areas on campus need study . . . not only study, but action.

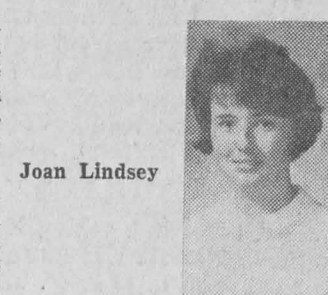

Among these are the lunch line situation, the possibility of more benches on campus and many more. See my handbill for details.

Communication and action are key words in my campaign. I want to know, communicate and act upon your ideas, your needs. I realize one representative cannot do everything, but with your vote I believe I can help the SA become an effective representative for you.

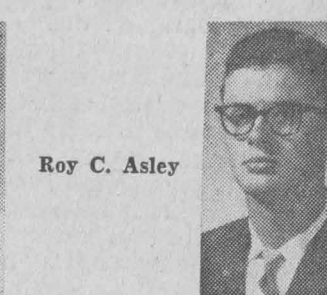

Linda Sullivan, Basic Studies:

I am a sophomore here at USF and have been privileged to serve as your representative on the SA Legislature for the past two trimesters. Since my election, I have attended all the legislature meetings and have served on the projects committee. In addition, I participated in the SA retreat which was held this summer.

I have enjoyed working in the

SA and I believe that an enthusiastic legislature is necessary for you to have a voice in the affairs of your university.

Other candidates:
Joan Evelyn Conley, running from the College of Basic Studies, is a sophomore and a physics major. She commutes from Clearwater.

Joe Davey McCue, Basic Studies, is a freshman from Dunedin, living in Beta Hall.

Martin Gutkin, freshman from Basic Studies majoring in law, commutes from Tampa.

Mo Brunelle, freshman from Tampa majoring in accounting, is running for Representative from the College of Basic Studies.

Kathryn R. Bernard is a senior majoring in office administration. She is a transfer student from Barry College, Miami Shores, living in Delta Hall, and is a candidate from the College of Business Administration.

David L. Greene, candidate from the College of Liberal Arts, is a senior majoring in English Literature. From Pass-a-Grille, he is living in Alpha Hall. Greene is a past member of the SA Legislature.

John K. Harper, candidate from Liberal Arts, is a junior from Tampa majoring in psychology. He lives in Beta Hall.

Douglas G. Greene, a history major from Pass-a-Grille, is a senior running from the College of Liberal Arts. He lives in Alpha Hall.

Karen O'Grady, a senior from Miami living in Delta Hall, is a psychology-sociology major running from the College of Liberal Arts.

Rick Neuman, majoring in

economics and prelaw, is a candidate from Liberal Arts. A junior from Tampa, he transferred from the University of Rochester and is living in Zeta Hall.

Douglas Lawless, sophomore and candidate from the College of Basic Studies, is a political science major. From Indianapolis, Ind., he lives in Zeta Hall.

Sam Gordon, sophomore and math and business administration major, is a candidate from the College of Business Administration. Gordon transferred from St. Petersburg Junior College and lives in Tampa.

Fran Wilson, candidate from the College of Education, is a Spanish-French Education major. Fran is a junior from Tampa living in Delta Hall.

Fred Soderstrom, marketing major and candidate from the College of Business Administration, is a senior from Pompano Beach living in Beta Hall. He transferred from the University of Miami.

Allen Schroeder, candidate from the College of Business Administration majoring in finance, is a junior who transferred from the University of Wisconsin. Schroeder is from Hollywood, Fla., and lives in Beta Hall.

Sherry Sanders, candidate from the College of Education, is a junior from Tampa majoring in social studies and education. She transferred from the University of Florida and is living in Epsilon.

Frank Harber, candidate from the college of Business Administration majoring in economics, is a senior from Tampa.

Frank (Buck) Skillen, candidate from the College of Engineering, is a junior from Winter Haven.

Dark of the Moon

Dancer Leads Cast

By ELECTRA SUTTON
Campus Staff Writer

Professional discotheque dancer Jim Wharton, and attractive singer Barbara Kinsey, have been cast in this October's USF production of "The Dark of the Moon."

Wharton will play the part of a witch boy and Kinsey will fill the role of the legendary Barbara Allen.

Appropriate to the mountain setting and isolated, natural hill people who make up the characters, Wharton's and Kinsey's talents are self-taught.

Wharton said that he has never had lessons and that he learned how to dance from his Negro friends. He enjoys dancing, became chairman of UC special activities committee and performed at the dances.

Last summer, he worked in Greenwich Village for three months as a member of a discotheque dance group at Trudy Heller's night club.

This trimester he decided to make the step that he had considered for a long time, that is, to audition for a play.

ment appropriate for a psychology major. He stated that the play was a poignant study of mountain people that the audience will get pleasure from watching.

Kinsey as Barbara Allen, the witch boy's mountain love, will sing ballads and square dance. She likes to sing, but like Jim she has never had lessons. Now she sings to the accompaniment of her boyfriend's guitar.

She is an English major, but has been in quite a few plays, such as "The Mouse That Roared." She also has appeared in "Dial 'M' for Murder," and "Oh Dad, Poor Dad, Mama's Hung You In the Closet and I'm a Feelin' So Sad" in which she understudied as Madam Rosepetal.

Kinsey is a hard worker according to her friends. She likes to sew and cook and is now working out in a gym lifting weights. She can do 105 sit-ups.

Different from most college sophomores, she said that she would like to get married, have children and cook; however, she would also like to teach English and drama.

A Witch Boy Is Not To Marry

Barbara Kinsey and Jim Wharton romance to the doleful guitar music of Bud Kline at the rehearsal of "Dark of the Moon" to be presented in October.

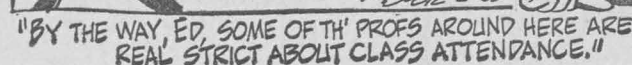

Cheers for Ray King

Personal, Political

WHITE ALSO SUCCEEDS in putting issues into perspective. He not only emphasizes their effects upon the outcome of the election, but also their relationship to the United States' social structure. Especially informative is the de-

Even though the book is excellently written, White, at times, becomes completely ensnared in his metaphors. In a saccharin passage, John Kennedy is compared to Moses and Lyndon Johnson to Joshua (p. 389). White should have carried this vivid image through to its ludicrous end: LBJ dressed in flowing robe and sandals, surrounded by extras in a DeMille setting, crying "Muh felluh Hebrews!"

Notwithstanding such poetic lapses, White has produced a brilliant analysis of contemporary politics.

First, classes are smaller, enabling the student to receive direct and personal attention. The student is an individual not a student number.

family is injured and bleeding. A little boy swallows a bottle of aspirin.

These are all emergency situations. But over the past few years hospitals have been weighted down with a group of medical cases referred to as "non-emergency" and Tampa General Hospital is no exception.

TODAY, THE OVER-ALL role of the emergency room has spread to include everything from a headache to tired feet. Because of this increase in the number of "non-emergency" patients seeking medical aid at the hospital, there is a definite lack of facilities to accommodate them.

A hospital wishes to serve its community the best way it can, but in many cases it has become a 24-hour community health center.

Originally, these treatment areas were referred to as "accident rooms" for those patients with serious injuries and who needed medical attention immediately.

ACCORDING to a report sponsored by the American College of Surgeons and the U.S. Public Health Service in May regarding hospitals in the Southeast, the emergency department has undergone a distinct metamorphosis.

The report said that after World War II the use of the hospital for inpatients increased rapidly. House calls became rarer. Doctors disliked coming to their offices except for regular hours. They often sent their ambulatory patients to the hospital.

No longer was the treatment area referred to as an emergency room, but instead it became known as the emergency department, an indispensable cog in the hospital system.

Ready For Any Emergency
Mrs. Martha Cullaro (right), head nurse in the emergency room at Tampa General Hospital, goes over a report with Mrs. Norma Perry, assistant head nurse. The machine is a monitor for the heart.

shown that the emergency department is growing at an average rate of 10 per cent a year in a space not usually planned for expansion.

Tampa General says the emergency room has been established as a community service to treat persons suffering from accidents or other conditions requiring immediate medical attention. It is not a clinic or a substitute for a family doctor.

The hospital confirms that patients should see their doctor at his office for treatment of ordinary illnesses and conditions not requiring emergency hospital facilities.

BUT WHAT is the hospital doing to cope with the increase of people in the treatment area?

Mrs. Cullaro said that a conference had been called once to discuss the possibility of letting the over-flow on "non-emergency" cases and let the emergency entrance be set aside only for those who are in critical condition and need medical help immediately.

She said nothing had materialized from the discussion yet.

THE GROWTH and change in emergency room use did result in the location of the business office within the area so that patients can clear up their financial matters without too much inconvenience.

The report on Southeastern Hospitals stated that it matters little whether the term "emergency" is diagnosed by a physician or simply considered so by the patient. The fact remains that the hospital must provide space.

In response to the new Medicare bill, and its effects on the emergency room at Tampa General Hospital, Mrs. Cullaro feels the number of patients will increase.

"I believe there will be a greater number of people who will be coming with serious chronic diseases," she said.

EMERGENCY FACILITIES

at the Tampa General Hospital were discussed in a recent report by Hospitals Director Albert L. Boulenger.

"Our emergency room is overtaxed with the present load, and it is almost impossible to cope with the major emergencies," he said.

Boulenger listed a resume of needed equipment in the area including additional examining and waiting room space.

He stated there is an inadequate space for equipment, inadequate rooms to work, and inadequate rooms to treat patients properly in the county's primary receiving area for emergency cases.

Bill Would Require Safety Door Handles

BOSTON, Sept. 27 (AP)—All refrigerators sold in Massachusetts of 1967 and thereafter would be required to have inside release handles, under a bill being drafted for two members of the Massachusetts house.

The legislation stems from the deaths last week of three small Boston children who suffocated after becoming trapped in a refrigerator stored behind an appliance store.

"I'm sorry I'm not more help, but my husband is SO critical when I look the least bit tired."

PRODUCTIVITY IS PROBLEM

Steel 'Reluctant' To Increase Prices

Chicago Daily News Service
CHICAGO, Sept. 27 — Steel executives said Saturday that they have "a lot of reluctance" about increasing steel prices.

They also said that the industry's new contract with the AFL-CIO United Steelworkers of America has left them with a big problem:

"Can we increase productivity enough to offset the cost of pay raises and other benefits in the new contract, which we can't pick up?"

WITHOUT BELITTLING the work of employees, steel executives stress that most of the productivity increases come from new machinery and new methods, and from other capital investments.

The union estimates the total value of the pay raises and benefits at 47.3 cents hourly over the 35 months of the contract that runs to Aug. 1, 1968.

The union calls it the "biggest and best" wage and benefit package negotiated in the basic steel industry in nine years.

IT SAYS that the government prices the package at more than the union estimate and that the industry prices it at "well over 50 cents an hour."

William G. Caples, vice president of Inland Steel Co. and its chief negotiator, emphasizes that foreign steel imports "considerably influence" American steel prices.

In addition, he notes, steel's competition is increasing from aluminum, concrete, plastics and wood.

CAPLES, A member of the coordinating committee of the 10 steel companies involved in the bargaining and an adviser of the industry's four-man top negotiating team, says that 8 per cent of the steel used in the United States is imported.

Every month 1,000,000 tons of finished, ready-to-use steel comes into the United States though the United States is the world's biggest steel producer.

Japan, West Germany, Great Britain, Canada, Belgium and Luxembourg, where wages are

lower than American steelworkers', are the major exporters to the United States.

CAPLES CONTENDS that the market and prices determine whether steel consumers want to buy American-made or foreign steel.

"If American consumers won't pay American prices and get Japanese or German steel cheaper, the American producer is going to have a hard time selling his products," adds Caples.

"The status symbols of foreign countries now are an airline, an oil refinery and a steel mill."

Foreign steel imports began to make themselves felt in the United States in the 1959 strike that lasted 116 days.

CAPLES SAYS that the new contract gives the companies nearly three years in which to find better methods for negotiating, methods that will enable customers to be confident that they will not have to worry about a supply of American steel.

"The settlement was as good as could be had without a strike," he continues. "But had not President Johnson intervened we'd have had a strike."

"On balance, the settlement was less than the union wanted and more than we should pay. I don't think it could have been settled without a strike, without the President's pressure."

Roofennany

MAYSVILLE, Ky. — The Mason County Historical Society labeled its musical event on Limestone Creek a "roofennany."

It wasn't because the volume raised the roof, but because the project sought funds to restore the roof to Mefford's fort, a log cabin built of logs floated down the Ohio River as rafts by pioneers. The State of Kentucky wanted to make the cabin a shrine.

Central America Eyes Unity

By DON BOHNING
Chicago Daily News Service

GUATEMALA CITY, Sept. 27 — Central America, its well publicized efforts at economic integration advancing rapidly, has quietly been working toward military unity as well.

If successful, this program could provide a major bulwark for the area against both the external and internal threat of communism.

The unified defense program began unobtrusively nearly three years ago but it was only this summer that the Central American Defense Council became an integral part of the Organi-

zation of Central American States (ODEGA).

ITS ORIGINAL membership included Guatemala, Nicaragua and Honduras. El Salvador was a latecomer. Costa Rica, with only a police force, has been lukewarm to any military association for constitutional reasons.

Col. Roberto Palma Galvez of Honduras, president of the permanent commission, which operates under the council from a headquarters here, sees the unit as a means of co-ordinating information and preparing

plans for the security and defense of the area as a whole. "It is," says Col. Palma, "on a portion of the integration movement but an essential portion. It is necessary for these countries to consider themselves as a unit to conserve their independence."

UNDER THE terms of the council agreement, Col. Palma points out, it is possible for a member country to obtain military assistance from other members to combat internal subversion.

After the Whistle

By LARRY GOODMAN
Campus Sports Editor

While "formal" intercollegiate activity is becoming organized for the first time at USF, a big year of intramurals also promises plenty of action.

One important point that each competing group should keep in mind is that a certain number of points are awarded for participation in each sport.

For example, last year, Beta 2-East lost the Beta league title to Beta 3-West despite the fact that 2-East was undefeated in league play in football, basketball and baseball. The reason? Three-West entered the I-M swimming competition whereas 2-East did not.

Thus, Beta 3-West gained 75 points for simply participating, even though they won events. Those 75 points spelled the difference between first and second place.

Any men's organization that had competed in all intramural sports last year—even if they had placed last in all events—would have notched ninth out of 30 teams in the final overall standings.

A women's team entering all I-M sports last year would have placed sixth out of 19 teams.

With men's intramural swimming and soccer and women's basketball coming up this trimester along with the other intramural sports, teams should plan now to enter these events. Participation is least in these sports.

Intramural activity at the Bayboro campus is now in full swing, according to Murphy Osborne, who coordinates I-M events on both campuses.

Volleyball, bowling, table tennis and basketball are scheduled for both men and women at USF's St. Petersburg branch. Lack of fields has eliminated football and soccer for the men, according to Osborne.

Next trimester, however, intramural softball will be made available to the Bayboro campus by use of nearby Bartlett Park. Use of the park for intramural football and soccer is expected by next fall.

The one intramural activity in which Bayboro and USF will compete jointly is swimming, Friday, Oct. 16. Both men's and women's events will be held in the sport as the two campuses meet in intramurals for the first time.

"Bayboro has a built-in competitive system in intramurals," said Osborne. "They see each other every day, they all read the bulletin boards with great interest, and everyone eats in the same dining hall."

"In all events," continued the USF intramural spokesman, "intramurals should be one of the greatest morale builders at the campus."

Priming for Saturday
Tuning up in a scrappy practice session for last Saturday's USF-FSC soccer game are Roman Synchak (in white) and Pedro Gomes.

—USF Photo

Track Action Shares
Billing SaturdayBy JULIAN EFIRD
Campus Staff Writer

Cross-country shared a twin-bill with soccer this past weekend as the Brahmins vie with Florida State in each team's first intercollegiate track action this year.

USF fielded 16 distance runners under the tutelage of Dr. Gil Hertz and Spafford Taylor. FSU brought a team of eight track men to Tampa under the leadership of Mike Long and Dick Roberts, FSU track coaches.

Action began during the half-time of the USF-Florida Southern soccer match with the runners making two circuits of the football fields and then completing the four mile course by

running through open country. USF started practice two weeks ago and worked out twice daily in preparation for this meet. Ten runners went through their paces on the Tampa campus while six others drilled at Bay Campus.

Team members include Dave Bower, Warren Brannon, Cliff Cantor, Alan Close, Jim Creighton, Lindsey DiGenery, Bill Keegan, Ted Littlewood, John Wrus, Ed Woodstiff, Bay Campus representatives on the team are Larry Leonard, Tim Hornsby, Mike Boyle, Geroges Dheere, Bob Carrecciala, and Dave Hollis.

Next weekend, the team will journey to Gainesville and meet the University of Florida at 10 a.m. Saturday.

USF Nips Mocs 4-3

By MAX RAMOS
Campus Staff Writer

The USF Golden Brahmins won their first intercollegiate soccer match last Saturday as they scored a 4-3 victory over the Moccasins of Florida South-

ern College before a crowd of 325. The Brahmins, who face St. Leo College next Saturday at St. Leo, took an early lead, lost it, then came from behind to

seal the victory in a two-period overtime.

With 13 minutes left in the second quarter, the Brahmins came alive as sophomore forward Roman Synchak scored from deep in Southern territory to give the Brahmins a 1-0 lead.

About four minutes later the Brahman's Sophomore forward Helge Velde scored on a direct free kick resulting from a Moccasin foul. This made the score 2-0, USF.

The Brahman defense led by freshman halfback Brian Holt jelled and the score remained 2-0 at halftime.

Late in the third quarter the Moccasins opened up their offense with three quick scores by Dave Balser, Michael Sheiman and Wally Wells. This set the scene for an explosive finish.

With about two minutes remaining in the game Velde scored his second goal of the afternoon. Regular playing time then ran out with the score tied 3-3.

A two period overtime was played by mutual agreement between coaches Dan Holcomb of the Brahmins and Jim Bush of the Moccasins.

Pedro Gomez, after stalwart Velde was injured on a foul, scored on a direct free kick, giving the Brahmins the final 4-3 edge.

USF Receives
\$1.4 Million
In GrantsBy MAUREEN HEARNS
Campus Staff Writer

USF received about \$1.4 million in grants for research and other projects for the fiscal year, July 1, 1964 to June 30, 1965, Dr. William Taft, director of sponsored research, said today.

Of this amount, about \$287,000 was received in research grants.

Of the total grants received, 34 are still in effect as of Sept. 1. In addition to those grants, three new grants totaling nearly \$49,000 have been received since the beginning of the current fiscal year.

The largest of the three was awarded to Dr. Knut Norstog, associate professor of botany. He received \$21,000 from the National Science Foundation for continuing research on morphogenesis in angiosperms and gymnosperms. Norstog has been engaged in this research for the past two years on a similar grant from NSF.

An institutional grant for science from NSF for about \$19,600 was received by Dr. Theodore A. Ashford professor of chemistry, to be used as the university sees fit.

Dr. P. C. Maybury, chairman of the chemistry dept., was awarded \$8,000 from NSF for undergraduate instructional scientific equipment in chemistry.

Dr. Leslie Malpass, former Director of Sponsored Research and Chairman of Behavioral Science, is presently Dean of Liberal Arts at Virginia Polytechnic Institute. Dr. W. H. Taft, replaced Malpass as Director of Sponsored Research July 1. Formerly on a part-time basis, this directorship has been elevated to a full-time position this year.

UC Coffee Hour
Featured Today

The University Center sponsors a full week of activities beginning today at 2 p.m.

The All-University Coffee Hour will be in UC 264-5 and will feature a panel discussion on "Publish or Perish—Good or Bad." Panel members will include Dr. Edgar Hirschberg, associate professor of English, Dr. Robert Zetler, chairman of the Division of Humanities, Dr. John Briggs, professor of zoology, Dr. Bruce Cameron, chairman of social sciences, Dr. Jack Moore, asst. professor of English.

Dancing and Bridge lessons will begin today as will the Charm course. All of these events are open to those who have previously signed at the UC desk.

Tonight at 5:30 p.m., Montgomery Ward will present a Buffet Fashion Show in the UC Ballroom. Theme of the show is "Fall Fashion Horoscope" and the commentator will be Miss Joann Toretta, a Tampa fashion authority. Door prizes will be awarded. The buffet is free for those who have food cards and have signed at the UC desk. For all others a charge of \$1 will be assessed.

The chess tournament will begin today for those who have signed. A coffee is being held today at 2 p.m. in UC 252 for those who will be participating in the tournament. Rules and game dates will be discussed.

A matinee dance is scheduled for 3 p.m. today in the UC Ballroom.

Friday night "Joe Bill and the Playboys" will play at the UC combo party from 9-12 in the Ballroom. The dress is school clothes and the admission is 50 cents per person.

The UC dance committee will present a Stereo Dance Saturday night from 9-12 in the Ballroom. Dress is casual. Brooks Chamberlain, local DJ will spin records.

"The Great Imposter," the feature film this weekend, will be shown Friday, Saturday and Sunday at 7:30 p.m. in FH 101. Students may sign for the bridge tournament at the UC desk. The tournament will begin Sunday, Oct. 3, and continue through Oct. 15.

The NASA "US Progress in Space" exhibit in UC 108 will remain open through Thursday, Oct. 30.

Chapel Fellowship
To Meet Oct. 3By REBECCA CENTER
Campus Staff Writer

The University Chapel Fellowship, a joint program for the Methodist and Presbyterian Churches as well as the United Church of Christ, will meet at 6:30 p.m., Sunday, Oct. 3, in UC 47.

A panel discussion, "The Student — 1965," moderated by Phyllis Marshall will constitute the program.

Panel members are Ann Whittington, Barbara Berger, Pete Gladue and Joe Beckham. Officers will be elected at the Oct. 10 meeting.

The weekly schedule of meetings sponsored by the University Chapel Fellowship is as follows: Sunday, Worship at 10:30 a.m. and fellowship at 6:30 p.m., UC 47. Tuesday, "Freshman Round-Table" 6:30 p.m., Apt. 29, University Apartments; and Wednesday, Joint Service of Evening Prayers, 6:30-7 p.m., Episcopal Center (rides leave Alpha lobby 6:15 p.m.).

Thursday features Trimester I Study Groups, "Readings in the Old Testament" 6:30 p.m., UC 204, and "Religious Questions in modern thought," 6:30 p.m., UC 205.

The UCF is in the process of

Interviews Listed

Organizations listed below will be interviewing in the Placement Office, AD 280, on the following dates.

Oct. 25—Citizens & Southern National Bank of Atlanta, Training Programs, Business Admin. and Liberal Arts; Oct. 26—F. W. Woolworth Co., Management Trainees with majors in Business Admin., Liberal Arts; Prudential Insurance Company, Admin. & Tech. Staff Mortgage Loan Dept. Sales and Service Investment Analyst with majors in all fields, particularly Bus. Admin. and Finance; Liberal Arts; Exchange National Bank of Winter Haven, Bank Officer (Training Program), majors in Business Admin.; Monroe County Board of Public Instruction, Education — emphasis on Elementary; Oct. 27—Oscar Mayer & Co., Sales Trainees and Salesmen, majors in all fields—interest in sales or sales management; Aetna Group Sales, Home Office Representatives, majors in all fields; Manatee County Board of Public Instruction, Teaching Positions, majors in Education; Oct. 28—Oscar Mayer & Co. (if necessary); Mead Corporation, Container Sales, Packaging Sales, Customer Service, Industrial Relations, Internal Audit, majors in Marketing, Chemistry, Personnel, Business, Accounting, Finance; Burdine's, Trainees in Merchandising, Operations, Control and Sales Promotions, majors in Management and Marketing preferred, but accept all fields; Phinellas County Board of Public Instruction, Elementary and Secondary Subjects, majors in Education with a Certificate by the State Dept. of Education; Oct. 29—First Federal Savings & Loan Association of St. Petersburg, Management Trainees, majors in Business Admin.; Burdine's (if necessary).

From Signs to Leaflets—That's USF Graphics

By DON PHILLIPS
Campus Staff Writer

Colorful posters . . . busy men scurrying from room to room . . . little machines clanking away — this is the USF Graphic Department.

"We make everything from little desk signs to full-color brochures," said Kenneth D. Stanton, graphics coordinator.

Posters, graphs, charts, transparencies, hand lettering, and work for the USF Television Studio flow endlessly from this little shop in the basement of the Library.

"FROM JANUARY through April we completed 1,388 posters, 652 transparencies, and 57 lay-outs which include brochures, certificates, etc.," Stanton said.

Referring to the busy four-month output he said, "We don't generally have to go looking for work."

He continued, "we are open year 'round, eight to five, five days a week. If the work piles up and there is an emergency for a rush order, we will work overtime."

The Graphics Department exists for the benefit and the convenience of the faculty and staff.

ALL CLASSROOM services such as posters and transparencies are free. "Other work," said Stanton, "is done on a time and materials basis." He estimated that the same job done commercially would cost about 75 per cent more.

"We do quite a bit of creative work," Stanton said as

he walked into the layout room directly behind the office.

"If a professor comes in with an idea that he wants transformed into a visual aid, we work with him to create a way to present it," said Stanton.

THE LAYOUT room where this creating is done is a clean, crowded little place full of drawing tables, high stools, adjustable fluorescent lights, and file cabinets. A number of posters and theater programs add a colorful brightness.

The door in lack leads to the machine area. Compared to the layout room, the machine room is darker and not as colorful, but it is no less interesting.

They have a Line-O-Scribe machine used to make most of the posters. Poster-board is laid on type that is pre-set and inked. When lifted off, it is beautifully printed.

"We have a wide selection of colors in both posterboards and inks. We don't want any posters to look alike," Stanton said.

THE MOST AMAZING machine in the shop is the Photo Typewriter which photographs letters onto a special film. By maneuvering the camera or the tape letters can be made different sizes. They can squash the letters, extend them, slant them, or italicize them for special effects on anything they print.

The hot-press machine is used for TV work. It prints by impressing the color into poster-board, making exceptionally clear letters.

Along with these, there are transparency machines, Xerox machines, and silk screening devices which can produce color or black and white.

GRAPHICS IS important to USF mainly because much of their work is involved with promoting the University image. "We work closely with information services," said Stanton, "We want to make sure our work is in keeping with the modern trend."

He continued, "We just completed a new series of Brahman Bull cartoons for the bookstore. We are trying to standardize the Bull as the university mascot, so we used one animal and drew him in different poses."

Stanton said that these cartoon caricatures will be on the bookstore shopping bags, on decals, and on some USF stationery.

'Bounty' Harbors
Dance

The Bounty, originally built for the first filming of the movie, "Mutiny on the Bounty," was the site of a dance for Bay Campus students Friday night, Sept. 17.

Students came to the dance attired as South Pacific Islanders, pirates and seamen. Prizes were given for the best costumes. Betty Ann Root and Bob Ayres won the best costumes' awards while Bill Richards' was the most humorous.

Music was supplied by the Playboys.

Tutoring
Offered

Math students needing tutoring should contact advanced students for individual help. All the tutoring in the Math Department is on an individual basis.

Advanced math students can give their names to the Math Department, Phone 316, as references for tutoring.

Biologists Meet

The Marine Biology Club will hold elections in conjunction with a business meeting Thursday, Sept. 30, at 7:30 in LS 272.

Dr. J. M. Lawrence, guest speaker, will talk on "The Intertidal Areas of the North California Coast." All interested persons are invited to attend.

Wallet Lost

A wallet has been lost by Chung-Hwan Chen, professor of philosophy. It contained several identification cards. If found, the wallet may be returned to FH 216.

Layout Planning

Football To Fly

Football, USF's most popular intramural activity, according to Intramurals, Coordinator Murphy Osborne, will begin Wednesday, Sept. 29, and continue through Oct. 29.

The football official's clinic will be held today in the UC during the free period and tomorrow at 4:30 p.m. on the intramural football fields.

Osborne said that 35 to 40 teams will take part in this

Navy Interviews
Set Oct. 6-8

A Naval Aviation Procurement team will be in the UC, Oct. 6-8 to interview interested students.

Students completing 60 semester hours this term are invited to inquire about the Naval Aviation Cadet (pilot) and the Officer Candidate (airman, non-pilot flight officer) programs.

Trimester I graduates may receive information about the Aviation Officer Candidate (pilot) and the Naval Aviation Officer Candidate (air intelligence) programs.

P E Tests Dates

The written portion of the proficiency tests in archery, basketball, bowling, fencing, golf and tennis will be administered Wednesday and Thursday, Sept. 29 and 30 between 7:30 and 8:30 p.m. in CH 100.

Those interested in taking the examination must register in the phys ed office by Monday, Sept. 27.

Two proficiency tests — one each day — may be taken. Upon successful completion, students will take the motor skills portion of the test.

season's program. The teams will be divided into four leagues, two residence hall leagues, a fraternity league and an independent league.

The two top teams in each league at the end of the regular season will play in a single elimination tournament for the overall USF football championship trophy. Winners of league competition will receive trophies also.

Top teams fighting for the possible 150 intramural points this season, according to Osborne, are the Golden Redeyes in the Independent League, defending champion Enotas in the Fraternity League and in the Residence Hall Leagues, Alpha Two East and Beta Three West.

Osborne also commented that an all-star team may be chosen upon completion of the regular season. He said the members would be voted on by the players.

'Classics'
Sold Out

All tickets to the 1965-66 USF Film Classics have been sold. Nine films comprise the series. The first film, Hiroshima, will be Sept. 29.

Beanies Arrive

Freshmen who feel that they have undergone a "head-shrinking" during their first few weeks here now have an opportunity to obtain appropriate size beanies.

The University bookstore is giving free miniature beanies to all freshman upon presentation of student card.

Greeks Plan New Year;
Projects, Parties ListedBy GAIL REEVES
Campus Staff Writer

Fraternities and sororities are off to a big start this fall with many events in the planning.

Frat Frolics which had to be postponed will take place around Thanksgiving time.

FIA is having a slumber party Oct. 2, after the last night of Rush at the home of a few sisters.

Mrs. Charles N. Millican, wife of Dean Millican of the College of Business, has been installed as the new advisor for Fides sorority.

Fides officers elected recently are Alice Crownover, social chairman; Rosanne Tarantino, assistant social chairman; and Nancy Start, athletic chairman.

Fides member Judy Peterson has recently been asked to join Athenaeum. Jill Young and Carolyn Dickson, new sisters, represented Fides at the Honors Convocation. Young was also presented with the Alpha Gamma Delta outstanding freshman woman award.

Saturday, Sept. 25, Fides held their rush workshop, which was followed by a picnic and folksing at the USF riverfront. The sisters then attended the first Brahman soccer game.

Zeta Tau Sigma officers for the coming year have been announced as follows: President, Betty Johnson; vice president, Betty Martin; corresponding secretary, Gerry Gillum; recording secretary, Jo Ann Birkenmaier; treasurer, Christine Flora; social chairman, Barbara McGraw; service chairman, Jackie Valdez; rush chairman, Dorothy Flora; athletic chairman, Loretta Pyles; parliamentarian and Pan-Hellenic representative, Kim O'Connor; CFS representative, Mary Ann Neill, and historian, Betty Johnson.

A Halloween party has been scheduled for Oct. 29 by Zeta Tau Sigma.

Arete Fraternity has recently unveiled some of its service projects for the coming year. The fraternity has formulated plans to hold its annual Brahman Blood Drive on Oct. 20. Mike Ward, chairman, said the fraternity hopes to have at least 100 units of blood donated.

Before the Blood Bank will come to the campus, however,

at least 50 units must be pledged by USF students. Any student may donate to the Blood Bank. When needed, any University student of any member of his immediate family may receive the units on reserve in the Brahman Bank.

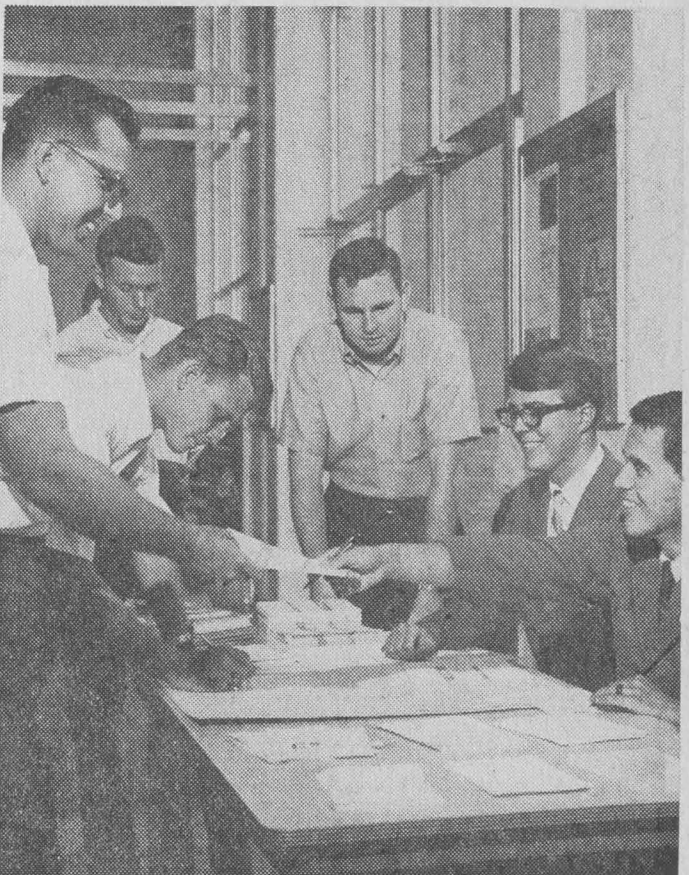

Arete also is making preparations for its annual "work day" at the Florida Sheriffs' Boys Ranch in northern Florida. Each spring the brothers donate a complete weekend of their time in a work project for the ranch. The weekend is not all work, however, for the brothers spend considerable time in recreational activities with the homeless boys at the ranch.

Last Saturday Enotas held an informal party at Tampa Men's Garden Club. The brothers and guests enjoyed the music of the "Playboys."

John Harper has been appointed as the fraternity's new recording secretary. Other appointments include Robert Goddard, chaplain, and David Searles, parliamentarian.

Wes Tyler was elected executive vice president of Kappa Iota Omega fraternity, filling a vacancy left by Carroll Wright. The second Semi-annual Kappa Iota Omega "Wipeout" was held at the Tampa Men's Garden Club on Friday, Sept. 24, from 8 to 12 p.m. Music was provided by the swinging "Blues Disciples." The festivities were enjoyed by the brothers, their dates, and fraternity guests.

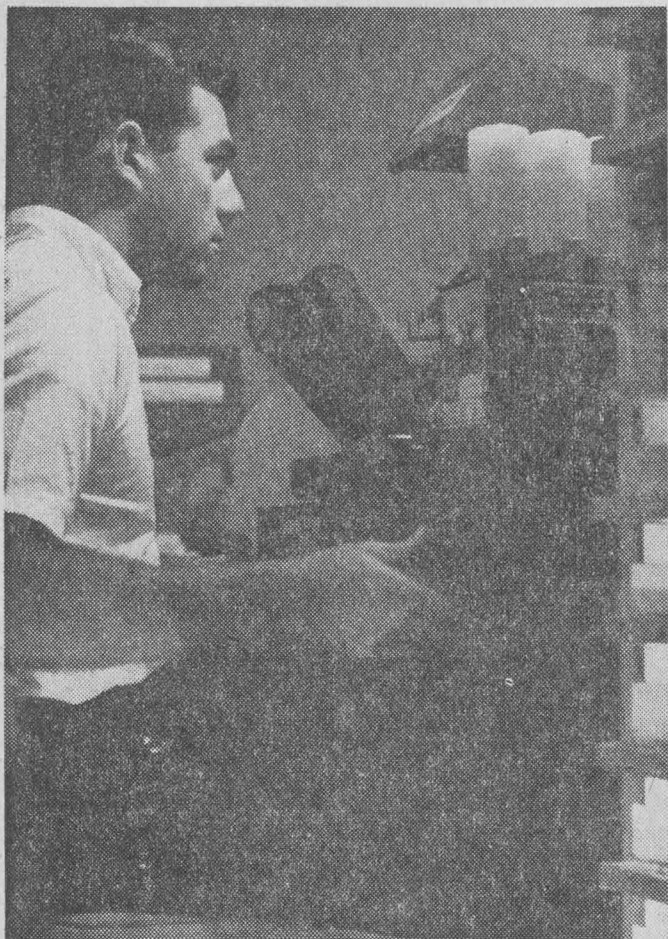

The brothers of TALOS are planning a service project this trimester at McDonald's Training Center. This will consist of entertainment provided by the brothers, games and a picnic.

On The Dotted Line

Candidates for fraternity rush hurried to sign up at this table in the UC.

Newlywed Couple

In a double ring ceremony, Miss Shirley Carver became the bride of Allison Keen.
The Rev. Roy B. Ridley officiated at 7:30 p.m., Sept. 17, in Seminole Heights Methodist Church.
Mrs. Keen is the daughter of Mrs. Herman Carver of 2911 148th Ave., Lutz. Mr. Keen is the son of Mr. and Mrs. Lincoln Keen, 326 W. Lambright.
Elaine Carver was her sister's maid of honor. A. Lincoln Keen was his son's best man.
The reception was at Branch's Ranch.
Mr. and Mrs. Keen will live at 405 E. Gladys.

Mrs. Frank G. Anello

Mrs. Charles W. Rivera

Double Ring Vows Spoken

Mrs. Gregory M. Ramaekers

Hesterly followed the ceremony.
After a wedding trip to Nassau and the Bahamas, Mr. and Mrs. Anello will live in Tampa.

United in marriage Sunday at 4 p.m., were Miss Shirley Diane Gifford and Charles W. Rivera. The Rev. Ruskin Piedra performed the double ring ceremony in Our Lady of Perpetual Help Catholic Church.
Parents of the couple are Mr. and Mrs. Carl B. Gifford, 212 Farwell Drive, and Mrs. Mary L. Rivera of Tampa.

Given in marriage by her father, the bride chose a formal gown of peau de soie and Alencon lace with a full cathedral train. A pearl heart crown held her illusion veil and she carried white roses centered with an orchid.

Mrs. Walter A. Rollins served as matron of honor, Miss Irma Polo and Miss Beth Flynn were bridesmaids and flower girl was Sharon Gordon. The attendants wore Empire style gowns of blue lace and silk crepe and carried yellow roses.

John Rivera, brother of the bridegroom, was best man. Gene Rivera, also a brother, and Robert Gifford, brother of the bride, were groomsmen. Ushers were Al Lopez Jr., C. Bernard Gifford and John Gifford. Ring bearer was Raoul Spera.

Mr. and Mrs. Rivera will live in Miami.

★ ★ ★

Escorted by her father, Miss Sandra Maria Henriquez became the bride of Gregory Matthews Ramaekers Saturday at noon in St. Joseph's Catholic Church. The Rev. James O'Malley performed the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Rex Lee Henriquez, 3301 Walnut St. Parents of the bridegroom are Mr. and Mrs. Raymond Ramaekers of Lakeland.

Peau de soie and Chantilly lace with pearl and crystal beading was the bride's choice for her gown. A pearl and crystal crown held her veil and she carried roses and an orchid on a prayerbook.

Miss Olivia Henriquez, sister of the bride, was maid of honor.

October Date Is Set

Wedding plans are announced by Miss Joyce Carballal and David N. Leonard.
They will be married Oct. 16.

Club Calendar Installation Highlights Meetings

Mrs. J. D. Klapp will be installed as president when the Women's Auxiliary to the Hillsborough County Chiropractic Society meets Saturday.

A social hour at 7 p.m., will precede the 7:30 dinner at the Kapok Tree Inn in Clearwater.

Mrs. Lee E. Arnold, St. Petersburg, president of the state Chiropractic Auxiliary, will also install:

Mrs. Daniel Pia, vice president; Mrs. R. W. Pitts, secretary; Mrs. C. S. Gardner, treasurer; Mrs. H. O. Ulroch, historian; Mrs. A. L. Greco, chaplain, and Mrs. D. L. Hill, parliamentarian.

BETA PSI

Beta Psi chapter, Beta Sigma Phi, will meet at 8 p.m., Tuesday, with Miss Pat Atkinson, 6201 9th St.

CIVIC

Tampa Civic Association will meet at 12:30 p.m., Tuesday, at the Federated Clubs Building.

TOWN 'N COUNTRY

Town 'n Country PTA will meet at the school at 7:30 p.m., Tuesday.

WELLSWOOD

Opti-Mrs. Club of Wellswood will meet at the Sheraton Tampa Motor Inn at 8 p.m., Tuesday.

Figure Classes To Start

Your tape measure reveals more about figure faults than the bathroom scale.

And the answer to the figure fault problem is exercise.

Hillsborough County Recreation Department is sponsoring women's physical fitness classes each Monday and Wednesday at Nuccio Community Center, 4805 Sligh Ave.

Mrs. Mona Testa-Secca is instructor for the classes which consist of a full hour of exercise, stressing posture, muscle tone, poise, spot reducing, flexibility, gracefulness and general well being.

A nominal fee is charged.

Births

Sept. 16: Mr. and Mrs. J. R. Miller, 4308 Corona St., girl; Mr. and Mrs. Ronald Goodman, Sefton, boy; Mr. and Mrs. Larry Daniels, Dade City, boy; Mr. and Mrs. Gilbert Suarez, 4428 Long Ave., boy; Mr. and Mrs. A. McCullough, 3010 46th St., girl; Mr. and Mrs. Donald Suda, rural Tampa, boy; Mr. and Mrs. Frank Lane, Mango, boy; Mr. and Mrs. Richard Rose, 4207 Covina Circle, boy; Mr. and Mrs. W. A. Rosser Jr., 12309 Mitchell St., boy.
Sept. 17: Mr. and Mrs. D. Parker, 4902 E. Prado Blvd., boy; Mr. and Mrs. M. Kane, 2411 North A St., girl; Mr. and Mrs. Richard Korman, 4916 Carlyle Road, boy; Mr. and Mrs. David Hernandez, 3222 Grace St., boy.
Sept. 18: Mr. and Mrs. L. Smith, 3214 35th St., girl; Mr. and Mrs. R. Strahl, 3220 Clifford Sample Drive, boy; Mr. and Mrs. N. Argenteire, 4409 Cobla Drive, girl; Mr. and Mrs. Charles Booth, rural Tampa, boy.

Miss Sara Charles Sansbury

She's Engaged

Mrs. Dudley G. Sansbury Jr., 120 Adriatic Ave., announces the engagement of her daughter, Sara Charles, to Robert R. Stevens. He is the son of Mr. and Mrs. J. L. Stevens, 3516 N. San Miguel.

Miss Sansbury, also the daughter of the late Dudley Sansbury Jr., is a graduate of Plant High School. She is now enrolled at University of South Florida where she is a senior majoring in elementary education and a member of Fides sorority.

Mr. Stevens, also a Plant High School graduate, received a BS degree in industrial engineering from Georgia Institute of Technology and is now a sales engineer with Tampa Electric Co. He is a member of Florida West Coast Chapter.

Mr. and Mrs. Ramaekers left for a wedding trip to the Bahamas after a reception in the church social hall. They will live in Lakeland.

American Institute of Industrial Engineers, and the Florida Section, Illuminating Engineering Society. He is also a member of the board of directors, Tampa Community Concert Association, and First Presbyterian Church.

3-Day Introductory Offer Ends Midnight, Wednesday, Sept. 29, 1965

Florida folks who do not drink can now get Medical-Surgical-Nurse Protection at special low non-drinker rates!

Act Now—GET FIRST MONTH'S PROTECTION FOR ONLY \$1

THEN YOU MAY CONTINUE AT REGULAR LOW MONTHLY RATES

Money back in full if not 100% satisfied. No age limit—lifetime benefits!
Apply NOW—this Limited Enrollment Period closes Midnight, Wednesday.

NOW AT LAST, because you DO NOT DRINK, you can claim a cash reward for yourself! . . . actually be paid, in the form of substantial amounts of money saved . . . through this remarkable offer which is open to NON-DRINKERS ONLY.

Gold Star pays you for surgery bills, if surgery needs to be performed. Gold Star pays you for doctor visits in the hospital. And, Gold Star helps you pay for a full-time registered nurse to take care of you at home, after you leave the hospital!

But you must act immediately, because this special opportunity is offered for just 3 days. Your request for this wonderful Medical-Surgical-Nurse Insurance policy — at the remarkably low, low cost of a few cents a day — must be mailed on the convenient form provided here NOT LATER THAN MIDNIGHT OF THE EXPIRATION DATE ABOVE.

This midnight expiration hour cannot be extended. If your application is mailed later, it cannot be accepted.

All the facts are on this page. It is up to you to read them now . . . to realize at once what a rich reward you can quickly claim, because you do not drink and are entitled to special savings . . . and then to take advantage of this opportunity before it expires.

You have nothing to lose, you take no risk. YOU reserve the right to cancel this great Medical-Surgical-Nurse policy within ten days after you receive it, and get back every cent you paid for the first month's protection, if you so wish.

How Can Only \$1 Buy So Much?

If it seems incredible to you that we can provide you with full Medical-Surgical-Nurse Protection for the first month for only one dollar — let us assure you that we can make this remarkable offer only because we provide insurance coverage for NON-DRINKERS and nobody else.

We know that if YOU do not drink, you are a far safer "risk" than a person who does drink. We make this special \$1 offer so that you can become introduced to The Gold Star Plan, and share — if you so decide — in the benefits this special protection is now providing for so many others who, like yourself, use their common sense to stay away from alcohol . . . to live saner and safer lives because they refuse to let drinking imperil their health, and therefore are ENTITLED to lower insurance rates!

Can You Afford to Miss This Chance?

Isn't this the kind of "preferred treatment" which you, as a non-drinker, are ENTITLED TO? Of course it is! Wouldn't you, yourself, rather do business with dependable people who do not drink? Of course you would! And this, in a nutshell, is the basic principle that makes possible The Gold Star Plan . . . "Special Protection for Special People" . . . insurance FOR abstainers, provided BY abstainers, at savings too substantial to miss.

Now, at less cost than you may ever have thought would be possible, you can set up a "gold mine" of protection from desperate financial straits if the need arises. Thanks to this unique new Plan, you can assure the solid, substantial protection you need — and not only save money, but assure yourself of other benefits, too, during all the years to come.

What Would Happen To Your Family?

Right now, you probably have some hospital coverage. You may think you're "safe" from all the financial burdens of sickness and accident. But hospital coverage usually

only takes care of part of your expenses. Are you protected against the soaring costs of surgery bills, doctor visits, nursing bills?

The chances are one in seven that even you will spend some time in the hospital this year. A fall on the stairs, in the bathtub, or on the sidewalk — a sudden illness or operation — could lay you up for weeks, months, perhaps even years.

Can you afford costly doctor, surgery, and nurse bills? Even though you probably have some protection now — will it be enough? Sickness, accident, hospitalization, cost many people their savings, their cars, even their homes. Don't take chances with your financial security. Now for only pennies a day, YOU can enjoy the added protection, the peace of mind, the freedom from worry that this new Gold Star Medical-Surgical-Nurse Plan NLE-4665R offers.

The Added Protection You NEED!

Yes, right now — provided you do not drink, and thanks to the safer people insured under The Gold Star Plan — you can get ADDED Medical-Surgical-Nurse protection FOR ONLY PENNIES A DAY!

Everything costs more these days (need we tell you?) and medical care is certainly no exception! While 7 out of 8 Americans have some hospital insurance, they have found it does not cover all the bills that pile up when sickness or accident strikes. That's why Gold Star developed low-cost added protection that helps pay for doctor's hospital visits (or surgery) and home nursing care.

Benefits are paid directly to you, in tax-free cash, in addition to whatever you may receive from your other insurance! Use the money to help pay for surgery — or any necessary but costly extras not fully covered by usual hospital policies.

Compare This Plan With Any Other

We are confident that it would open your eyes to compare Gold Star's low rates with what you would have to pay for the same health protection in ANY other company — your own policy, or anybody else's!

Compare any Medical-Surgical-Nurse policy or plan with Gold Star's big benefits and low rates. Dime for dime, dollar for dollar, you will find that Gold Star does indeed give you the MOST for the least cost!

Are such savings a "miracle"? Only if it also is a miracle that other people, like you, and like us, have made up their minds that they prefer to manage their lives and their business affairs without the folly and the senseless expense of drinking . . . without the costly inefficiency that liquor leaves in its wake . . . without the tragic mishaps that must be paid for, where drinking takes its toll.

We firmly believe that drinking and business do not mix. It's as simple and as straightforward as that! And the tremendous success of The Gold Star Plan proves that hundreds of other right-thinking, right-living people agree. We welcome you into their company.

Our Famous MONEY-BACK GUARANTEE

We are so sure that we offer abstainers the best protection at the lowest cost, that we make our famous MONEY-BACK GUARANTEE!

When you send for your policy, and it arrives in your hands, we want you to look it over — as carefully and as often as you wish. See how thoroughly it protects you. See

how exactly it meets the needs that you want covered. See how here, at last, is the policy that makes it possible for you to get the sickness and accident protection you need, in greater measure than ever before!

If you are not 100% satisfied that your policy is exactly what we have promised it to be, and exactly what YOU want it to be — send the policy back to us within ten days and we will REFUND YOUR MONEY IN FULL, AT ONCE. But meanwhile you will be protected.

Gold Star Could Be Your "Life Saver"

Right now, would your age prevent you from getting Medical-Surgical-Nurse insurance with another company? If you are a non-drinker and eligible, you can get this GOLD STAR policy at ANY age. You can even be OVER 100 and still be protected by Gold Star!

Or what if you could get a policy elsewhere. Would you have to pay a high premium for it? Not so with Gold Star! We welcome older folks into our Plan — because they have been protecting and "stretching out" their lives by not drinking. And once you are in the Plan, Gold Star will continue your insurance for life! — at the low, low rates shown for your age in the table.

So you can see that this generous, low-cost plan could be your "life saver"!

Gold Star Plans Are Famous

This money-saving Gold Star Medical-Surgical-Nurse Plan is something special. In fact, ALL Gold Star Protection is special. Gold Star offers its protection ONLY to folks who do not drink — and the savings this makes possible enable Gold Star to give maximum protection at minimum cost!

This Gold Star Plan is issued by the same trusted organization that has already issued Health Protection to hundreds of thousands of other non-drinking folks, and offered in more than 300 leading publications including Reader's Digest, Farm Journal, Christian Herald, Woman's Day, Redbook, Together, Today's Health, Family Circle, McCall's, Better Homes & Gardens, Ladies' Home Journal, and many others.

Read What These Policyholders Say About The Service They Get From Gold Star

PENNSYLVANIA—Andrew C. Teachman, Matamoras: "I was both surprised and delighted at the promptness with which my claim was paid. No quibbling, no nonsense; just a check for the full amount a week after I turned the claim paper over to my doctor for his report. It is the simplest claim paper I ever made out for anything."

OHIO — Kendall E. Garriott, Mansfield: "You were very punctual (same week!) in paying our claim. With a family the size of ours, this prompt check from you made a great deal of difference. In fact, because of it, we met our obligations on time."

MICHIGAN — Mrs. Lillian Windnagle, Bergland: "I never in all my 71 years have had any insurance company deal any more fair with me than DeMoss Associates have. No red tape or stalling. I'm ever so grateful to you for your fairness and honesty."

Read Why Leading Americans Praise the Gold Star Plans

Scores of leading citizens have publicly praised the Gold Star idea of insurance for abstainers at reduced rates. Among them are:

UPTON SINCLAIR, Pulitzer Prize author: "I think your idea of giving people the insurance discount they earn by not shortening their lives with alcohol is a brilliant one, and I am glad to be counted in on it."

GENERAL W. K. HARRISON, U.S. Army (Ret.): "In my long experience in the Army I have sadly observed the deadly effect of the use of liquor. I see no reason why non-drinkers should help pay the high costs of insurance due to liquor. After examination of the Gold Star Plan and its operation, I am convinced that it is effectively achieving its objectives."

DR. FRANK LAUBACH, author, preacher, and internationally known authority on literacy: "I believe strongly that there ought to be a law forbidding any interstate advertising of liquor. An organization like this, which keeps holding the virtues of total abstinence before the people, is to be commended."

DR. GRADY WILSON, associate evangelist to Billy Graham: "My experience with them convinced me that the De Moss organization is one of the finest in the world and is rendering exceptional service. It is a tremendous thing when those who do not use alcoholic beverages are given such preferential advantages."

THIS LIMITED ENROLLMENT OFFER ENDS IN 3 DAYS Only \$1 for First Month— Money Back Guarantee

To introduce you to this new Plan, we make you this special offer: Act within 3 days, and you may have your first month's protection for only one dollar — less than 4 cents a day!

Simply fill out the application here and mail it with just \$1 for each person to be covered, before Midnight, Wednesday, Sept. 29, 1965. A full month's protection will go into effect at noon of the day we receive your application if you are eligible. Your policy will be sent to you right away BY MAIL. When you get your policy, examine all its benefits and features. Have it checked, if you wish, by your lawyer, doctor, clergyman, or other trusted adviser. If you are not 100% satisfied, return the policy within 10 days and

THESE 14 QUESTIONS AND ANSWERS

Tell How Gold Star Medical-Surgical-Nurse Plan Gives You The Protection You Need — At Less Cost!

- How much can I collect from this protection? You can get as much as \$1,320.00 for each period of sickness or accident. This is the total of all benefits. What you receive from each benefit is broken down here.
- How much do I get for Nursing Care? You get up to \$1,000.00 for a registered nurse, after you leave the hospital and are convalescing at home. That's right! If you have been in the hospital for at least 5 days, and your doctor has you employ a full-time registered nurse within 5 days after you leave the hospital, we will pay you \$10.00 a day for this nurse for up to 100 days! And you need not employ this nurse a hundred days in a row — because this big benefit is payable during the 180 days immediately following your hospital stay!
- How much do I get in Medical or Surgical benefits? You get up to \$300.00 for your doctor's bills for surgery, whether performed in or out of the hospital, according to the schedule printed right in your policy! In the unlikely event that you should have more than one operation during any single hospital confinement, sickness, or injury we would of course, help you cover the cost of one operation — the most expensive according to the surgical schedule. For example, you get \$250 for a kidney removal. OR if surgery is not performed, you get up to \$320.00 for doctor's visits while in the hospital, payable at the rate of \$4.00 a day for up to 80 days.
- How many times may I collect? Gold Star pays you for every sickness and accident you have — provided there is a ninety-day period of full normal activities between them.
- How will the money be sent to me? All checks are sent via Air Mail. They are made out in your name — so that you may use the money any way you wish. (If you have some other health protection, you may wish to spend our cash benefits on food, rent, clothing, car — anything.)
- Is there any age limit? None whatsoever. You enjoy the full amount of protection regardless of age — you can even be over 100!
- Will I be allowed to renew my protection indefinitely? Gold Star guarantees never to cancel your protection because of advanced age or because you have too many claims. We also guarantee never to refuse to renew your policy unless renewal is declined on all policies of this type in your entire state. Of course, if deception is used in making application, the policy may be ineffective. This is another way Gold Star protects honest folks who don't drink.
- Are there any restrictions or requirements? You must not drink alcoholic beverages; you must not have been refused any health, hospital or life insurance; you must not have been advised to have an operation which has not yet been performed. The only conditions not covered are those caused by: the use of alcoholic beverages or narcotics; mental or nervous disorders; any act of war; or pregnancy. Everything else is covered. These exceptions help to keep Gold Star rates lower for YOU!
- Do I get coverage for pre-existing conditions? Any new condition is covered immediately, of course. And, in addition, after your policy has been in continuous effect for just two years, even pre-existing conditions are fully covered! This extra coverage, not usually available at all, is a Gold Star bonus!
- Are other members of my family eligible for coverage? Those eligible for coverage as a family member are your husband or wife, and any dependent children or relatives.
- Why is this offer good for a limited time only? Because in this way we can utilize group insurance principles, give you the extra convenience of the simplified application form provided here, and pass the savings on to you.
- How does the money-back guarantee work? Examine your policy carefully in the privacy of your own home. If for any reason you are not completely satisfied return it within ten days and we will promptly refund your money. Meanwhile you will be fully protected while making your decision!
- When will my policy become effective? At noon of the day we receive your completed application and special \$1 premium. Of course, it must be mailed before this 3-day enrollment period expires.
- How do I join? Fill out the application form here and mail it, with just \$1 to: The Gold Star Plan, Valley Forge, Pennsylvania.

your dollar will be refunded. But if you decide to continue this worthwhile protection, you may do so at the low rates as follows, which are for your age at the time of renewal:

| GOLD STAR MONTHLY RENEWAL RATES: | | |
|----------------------------------|-----------------------|--|
| Age 0 through 39 | only \$1.97 per month | |
| Age 40 through 59 | only \$3.89 per month | |
| Age 60 and over | only \$6.68 per month | |

And, as a special additional Gold Star feature, you can get a big two-months' saving by paying yearly!

Act NOW — "Later" May Be TOO Late!

TIME IS PRECIOUS! If you don't drink, act quickly. Get your application into the mail today — because once you suffer an accident or sickness, it's TOO LATE to buy protection at any cost. That's why we urge you to act today — before anything unexpected happens.

The Gold Star Plans, available, effective and paying claims in all fifty states, are underwritten by the National Liberty Life Insurance Co., Valley Forge, Pennsylvania, the pioneer and world's largest underwriter of health insurance exclusively for total abstainers. National Liberty Life is licensed solely under the laws of the Commonwealth of Pennsylvania and carries full legal reserves for the protection of all policyholders.

O-G-5-1306-095

NAME (Please Print) First Middle Initial Last
ADDRESS Street City State Zone
AGE DATE OF BIRTH SEX Male ☐ Female ☐

I also hereby apply for coverage for the members of my family listed below:
(DO NOT include name that appears above)

| NAME | RELATIONSHIP | SEX | AGE | DATE OF BIRTH |
|------|--------------|-----|-----|---------------|
| | | | | |
| | | | | |
| | | | | |
| | | | | |

Neither I, nor any person listed above uses alcoholic beverages; has been refused any health, hospital, or life insurance; or has been advised to have an operation which has not yet been performed. I hereby apply for the Gold Star Medical-Surgical-Nurse Plan, Form # NLE-4-6-65R. I have enclosed \$1.00 for each person listed above for the first month's coverage. I understand the policy is not in force until actually issued.

If, for any reason, I am not completely satisfied with this new protection — I may return my policy within ten (10) days for cancelling and my payment will be promptly refunded. If I decide to continue, I may do so at the special Gold Star rates for the attained age(s) at renewal date.
