PHYSICAL RESOURCES

List (for each campus location) all existing buildings used for instruction, housing, and student activities and all buildings under construction (indicate date of completion of construction in parenthesis). Do not list homes used exclusively for faculty or administrative residences. (If a building is used as a residence hall, indicate student housing capacity for each building.) List according to sites or campuses. Comment on the quality of each building, considering the following conditions:

1. General adequacy
2. Size
3. Fireproof quality
4. Present state of repair/construction
5. Quality of lighting
