**KOSOVE DISTINGUISHED UNDERGRADUATE TEACHING AND SERVICE AWARD: Lifetime achievement  
Nomination Guidelines**

1. Any member of the University of South Florida Tampa Campus community may submit documented nominations of persons holding an appointment with a minimum 5 years of service at USF at the rank of Instructor, Assistant Professor, Associate Professor, or Professor.
2. Documented nominations are to be submitted to the chairperson of the department with which the candidate is affiliated, and a notice of the nomination is to be forwarded by the nominator to the Chairperson of the Honors and Awards Council. A notification form to be used for this purpose is attached to these guidelines. The department chairperson will forward the nomination to the college dean with any comments he or she chooses to make. Each dean will forward all nominations for consideration to the Chairperson of the Honors and Awards Council with such comments as he or she chooses to make by the deadline date.
3. Nominations must be accompanied by comprehensive curriculum vitae, including evidence to support undergraduate teaching and service. Teaching evidence may include: student and peer evaluations, personally prepared teaching and drill aids, course syllabi, statements of teaching philosophy, descriptions of teaching techniques, histories of the accomplishments of former students, and other material that will assist the committee in evaluating the contributions of the nominee to the originality, creativity, technical proficiency, enhancement of teaching, training, and learning of students at the University. USF. Service evidence may include: service to USF, appropriate professional societies, and local, state, regional, national or international organizations and communities. These materials will assist the committee in evaluating the contributions of the nominee to service and leadership activities that effect positive change in the community as stated in the "Kosove Society Goals." Specifically, the Kosove Society aims "to promote individual and collective social responsibility, societal change for the betterment of humanity, participation in academic disclosure; the principles of diversity and cohesiveness in the community; and the development of leadership skills." While service of all kinds is valued, the award places special emphasis on service carried out in the nominee's professional capacity that clearly addresses the goals of the Kosove Society.
4. Although performance during the entire career of the nominee is considered, recent work at USF, within the last 5 years, will be dominant in the evaluation. Each individual will be considered upon his/her individual merits *as documented by* the nomination and supporting information provided.
5. Candidates may be renominated in subsequent years. Repeated awards for the *Kosove Distinguished Undergraduate Teaching and Service Award* will be given only under highly unusual circumstances. The submission of the applications for the Kosove Distinguished *Undergraduate* Teaching and Service Award would preclude the submission of the Jerome Krivanek Distinguished Teacher Award within the same academic year.
6. Decisions by the council will be transmitted as recommendations to the Faculty Senate Executive Committee, the Faculty Senate, and the Provost for their action.
7. No award will be considered final and official until it is formally announced by the Provost of the University.
8. Professorship awardees will be asked to attend two Kosove functions after receiving their award: the Kosove retreat (first weekend in June) and the Kosove Induction Ceremony (early Fall semester). The awardee will be invited to lead an educational activity/discussion relevant to their academic interests and the Kosove Society Goals.
