Update: City Construction Progresses on Campus

Posted February 25, 2014 at 9:34 am by [Jessica Blais](#)

A major public works project by the City of St. Petersburg progresses, but continues to impact traffic patterns on campus. Dallas 1 Construction has completed the road work at the south exit of the USFSP Parking Garage on 6th Ave. South.

The south driveway of the garage is now available to EXITING traffic. Please note: Drivers may TURN RIGHT ONLY onto 6th Ave. South. All traffic must continue to ENTER the parking garage from 5th Ave. South.

The project, which involves the replacement of a 30-inch sewer line, is expected to be completed by mid-March. The city is redirecting the traffic as necessary.

All motorists, pedestrians and bicyclists are urged to be cautious during this period of construction.

Please check back for further updates.
