Happy Belated Birthday, SUE LUTTON (July 19). Are you really a whooping 23? happy, happy.

Tassoni - WHERE'S the breakfast recipe? Hmmm.

USFSP'S DAY CAMP CHARLIE BROWN

Camp Charlie Brown offers approximately 19 children, ages 6 to 12, recreational and educational enjoyment for the summer. Enrollees are off-spring of the USF community and may attend Day Camp from 8-5 daily.

Activities provided range from field games, relay races and swimming lessons each morning to ice skating at the Bayfront, sailing lessons, crafts (tie-dyed tee shirts, kites, painting) and nature scavenger hunts in the afternoons. Fridays are special days when field trips and picnics are planned. The children have already been to the Nature Trail, Air Field and Museum of History.

Sue Lutton, the Student Affairs intern from Florida State University, directs Camp Charlie Brown. Other staff members include:

Colette Trump, a senior at USFSP, is majoring in geography. Her career plans include the Peace Corps or graduate school. Colette enjoys swimming, sailing, snow skiing, travel, people and Chuck Bohac.

Ellen Hutchinson, is a recent USF graduate, sociology major. Ellen plans to be involved in social work or juvenile counseling and aims to be involved in formulating new social systems. Her interests include sewing and reading. The majority of time outside of school is spent being Flip's mother.

Ricky Green, a member of the Neighborhood Youth Corps, is a freshman at Tyrone Jr. High School. He particularly likes sports-swimming, baseball, track and basketball.

Rick Hart, a recent graduate of St. Petersburg Junior College, is the sailing instructor. He is also USFSP's Dockmaster and races competitively in his spare time.

Rich Lutton, a pre-law major, attends the University of Nebraska. One of his main goals is to take over the Perry Mason Show. Rich asserts that his special interests are WOMEN, sports, especially football, food and fun.

Tom Sundsboe, is a senior at the University of Nebraska majoring in social sciences. He plans to teach for a short while after graduation. He lists his main interests as WOMEN, skin diving, swimming, and George McGovern.

Both Rich and Tom are spending the summer in Florida to meet all the wild, fun-loving college students who supposedly cover the beaches. Where is everybody? Don't leave our Nebraska friends with the wrong impression, now....

Most of the staff will be leaving shortly as Quarter IV nears completion. Thanks to all of you for your exemplary fortitude and a job well-done.

DID YOU KNOW?

One contributor thinks it is strange to find out that applicants for Career Service (secretarial, clerical, janitorial, etc.) and Administrative and Professional (Business Managers, Center Administrator, etc.) positions must be fingerprinted. Faculty applicants DO NOT have to be fingerprinted in order to be employed.

Another person found an article relating to the use of honey as a substitute for sugar when baking. The formula says that 1/2 cup of honey is equivalent to 1 cup of sugar. One cup of honey contains 1/4 liquid. Deduct 1/4 of the liquid base used in the recipe.
