'Thinking About Pride' Events at USFSP Library

The Nelson Poynter Memorial Library

at USF St. Petersburg is hosting several “Thinking About Pride 2016” events during the month of June. The events are sponsored by the library’s Diversity Committee.

“At this difficult time in our society, it’s important that we have events that reflect on our history and also help to build community,” said Patricia Pettijohn, associate librarian who is facilitating the event. “I’ve been involved with different pride events for many years, and one of the things I hope to build on is having a conversation about some of the issues.”

The exhibits touch on former instances of violence or organized opposition to the LGBTQ community and include artifacts that have been collected or donated, said Pettijohn.

See the list below for information about the upcoming events:
