The Western Bird Banding Association is extremely grateful to Coyote Creek Riparian Station for allowing Chris Otahal to continue compiling our Annual Report. Chris was assisted by Mary Fernandez, Jenny Kranz and Vici Silvias-young who mailed forms and entered data. Irene Beardsley helped develop a new data base management system to process the banding data. Thank you all very much! WBBA also thanks all who provided data for this report, providing an overview of bird banding in western North America.
