BIRDS BANDED in 2004 The WBBA Annual Report

The Western Bird Banding Association is extremely grateful to Chris Otahal for compiling the 2004 "Annual Banding Report." Chris has been in charge of the "Annual Banding Report" for the past 15 years and, in that time, he has volunteered an enormous amount of time and effort in the service of WBBA. This will be Chris' last "Annual Banding Report." WBBA thanks Chris for the dedication and hard work that has made the "Annual Report" possible.

Thanks also to Ken Burton and Kay Loughman, WBBA Editor, for proofreading the report and preparing it for publication. The Annual Report would not be possible without the cooperation of banders who took time out of their busy lives to forward data to Chris. Thanks to each of you. The 144 banders who sent their data to Chris for the 2004 report comprise a declining number of banders responding to the survey – a regrettable trend observed in the last few years.

We believe that the "Annual Report" is an excellent resource provided to the banding community. It allows banders to review the data collected by many dedicated banders in the WBBA region. We will be discussing the future of the "Annual Report" at our Annual Board meeting.

ATTENTION WBBA MEMBERS!!! IMPORTANT MEMBERSHIP NOTICE!!!

It appears that some WBBA members are not receiving their initial renewal notices sent out by e-mail. This has caused some members to miss issues of *NABB*. It is possible that the notices are not getting through spam filters, perhaps because they are sent to many addresses at once. Please ensure that your filter is set to accept mail from the membership coordinator's address (currently kmburton@sbcglobal.net). Thank you.
