This Eastern News is brought to you for free and open access by the Searchable Ornithological Research Archive at Digital Commons @ University of South Florida. It has been accepted for inclusion in North American Bird Bander by an authorized editor of Digital Commons @ University of South Florida. For more information, please contact digitalcommons@usf.edu.

EBBA RESEARCH GRANTS

The EASTERN BIRD BANDING ASSOCIATION seeks applicants to apply for grant awards to be used toward research using banding techniques and/or bird banding data. Applicants should submit a resume of their banding and ornithological background, the project plan including the significance of the study site, and a budget. No formal application forms are necessary, however three copies of each application are required if you submit hard copy; electronic submissions are preferred.

**Grant requests must be received by 15 March each year,
award announcement will be made by 30 April.**

There are one to five grants for up to \$1,000 each. Priority is given to research being conducted on species that spend at least part of their life cycle in any U.S. state or Canadian province included in EBBA territory. Projects that are planned for other portions of the United States, North America, or the Western hemisphere also may be considered. Research studies with conservation or management implications are particularly encouraged.

Grantees are asked to submit a summary of their work at the end of the year, or present at least part of their study at the annual EBBA meeting. Travel grants for this purpose are available in addition to the Memorial Grant for the research. Also, grantees are encouraged to become members of EBBA.

Send applications and/or inquiries to:

Memorial Grants Chairperson

THE MEMORIAL GRANT FUND

Over 40 years ago, EBBA established a Memorial Grant Fund to recognize departed members and friends. Income from that endowment has been used annually to make student awards for ornithological research projects which use bird banding as part of the study. Income has grown so that up to \$1000 has been designated by council for distribution by the Memorial Grant Committee.

If you want to remember a departed bander or birder friend, or simply contribute to the support of student research in ornithology, send your tax-deductible check to **EBBA's Treasurer, Donald Mease**. Added income from the Fund will be used in the future to increase the number or amount of these competitive awards.
