Annual Report of Birds Banded in the IBBA region, 2013.

IBBA is providing banding totals for the region on an annual basis. This is intended to stimulate regional coordination of banding operations and to provide rudimentary information for researchers considering studies on species and where a target species may be located in the region. This report has been compiled by requesting data directly from the Bird Banding Laboratory (USGS Bird Banding Laboratory, unpublished data retrieved Oct 2014). Future reports will be compiled following BBL file updates that occur annually in August of the following calendar year.

Highlights for 2013 include a total of 365,802 (-1% from 2012) individuals of 389 (+1% from 2012) species (410 total species, sub-species, forms, hybrids). Texas recorded the most species (243) followed by Ohio (185) and Illinois (185). Banders in Ohio banded the largest number of individuals (43,731) followed by Illinois (38,151) and Texas (33,696). The lowest state banding total was Mississippi with 2,333. There were 400 active permits in the IBBA region in 2013. Wisconsin had 60 permits, Texas 46, and Minnesota 40 to lead the state/provincial jurisdictions. As might be expected, the ten highest volume permits included seven governmental agencies that have regulatory responsibility for hunted species of migratory birds. The largest number of birds banded on a single permit reported 22,685 birds for 2013 (Table 1).

The top ten species banded were heavy towards hunted species. Once again, the top non-hunted

Table 1. Top ten permits by total number of banded birds in 2013.

Federal Permit	State/s	Banding Total
20929	OH	22,685
23587	MI	9,161
06790	IA	8,413
06827	TX	7,945
05322	WI	7,688
09854	IL	7,339
06690	KY	7,171
05838	MN	7,075
06897	WI	6,941
03110	MI	6,907

species was the Ruby-throated Hummingbird, indicating a major effort across the region on this bird group. Top ten species were: Canada Goose 42,946 (#1 in 2012); Mourning Dove 27,944 (#2 in 2012); Wood Duck 23,201 (#3 in 2012); Ruby-throated Hummingbird 16,413 (#4 in 2012); Blue-winged Teal 16,213 (#5 in 2012); Mallard 14,218 (#6 in 2012); American Goldfinch 12,669 (#8 in 2012); Gray Catbird 6,281; White-throated Sparrow 5,899; and Purple Martin 5,572 (#9 in 2012). Twenty-seven species were represented by one individual in 2013.

A complete listing of numbers banded by species and state is included in Table 2.
