## **Annual Report of Birds Banded in the IBBA region, 2012**

After a short hiatus, IBBA will once again begin providing banding totals for the region on an annual basis. This is intended to stimulate regional coordination of banding operations and to provide rudimentary information for researchers considering studies on particular species and where a target species may be located within the region. This report differs from previous compilations, in that data have been requested directly from the Bird Banding Laboratory (USGS Bird Banding Laboratory, unpubl.; data retrieved Dec 2013). Future reports will be compiled following BBL file updates that occur annually in August of the following calendar year.

Highlights for 2012 include a total of 371,312 individuals of 384 species (404 total species, subspecies, forms, and hybrids). Texas recorded the most species banded (236) followed by Ohio (185) and Illinois (168). Banders in Ohio banded the largest number of individuals (43,406) followed by Minnesota (42,087) and Michigan (34,762). The lowest state banding total was for Mississippi, with 2,322. As might be expected the ten highest volume permits included six governmental agencies that have regulatory responsibility for hunted species of migratory birds. The largest volume of birds banded on a single permit reported 22,336 birds for 2012 (Table 1).

The top ten species banded were heavy towards hunted species. Somewhat surprising, the top non-hunted species was the Ruby-throated Humming-

bird, indicating a major effort across the region on this bird group. Top ten species were: Canada Goose 49,304; Mourning Dove 27,453; Wood Duck 21,516; Ruby-throated Hummingbird 19,273; Blue-winged Teal 18,756; Mallard 17,241; Tree Swallow 8,987; American Goldfinch 8,885; Purple Martin 7,874; and Northern Saw-whet Owl 7,222. Twenty species were represented by one individual in 2012. A complete listing of numbers banded by species and state is included in the spreadsheet that follows.

Table 1. Top ten permits by banding total and state(s) of operation, 2012.

Federal Permit	State(s)	Banding total
20929	OH	22,336
