

M E M O R A N D U M

28 April 1981

TO: St. Petersburg Campus Faculty and Staff

FROM: Janice Brockus, Campus Coordinator of Dedication Week

Academic regalia has been ordered, speakers and musicians engaged, invitations addressed and mailed, our final schedule for the Dedication Week activities determined and the media is starting to let the public know all that we've planned. It looks like an exciting and full week! I thought you may like to have a copy of this schedule and plans for the dedication program for yourselves.

A big thank you to all who have helped so much with everything thus far. One of the best parts of working on the St. Petersburg campus has always been our sense of family. Your cooperation and understanding these past weeks has only served to reinforce that feeling for me.
