

**University of South Florida St. Petersburg
Campus Board Meeting
January 9, 2009**

Issue: USF St. Petersburg Parking Brochure 2009-2010

Proposed Action: Approve of the USF St. Petersburg Parking Brochure 2009-2010 with suggested updates/changes.

Background information:

The USF St. Petersburg Parking Brochure is updated annually. An increase in parking rates is proposed for 2009/10 for costs associated with operating expenses, and for increases in debt service, management fees and operation of the Parking Garage.

Proposed brochure changes for 2009-10 include:

1. Permit rates would increase by 3% (rounded to the nearest dollar). This amount is consistent with proposed increases on the Tampa campus.
 2. Wording has been revised to update the brochure to "2009-10". This is consistent with practices at the Tampa campus.
 3. The hours of operation for the parking cashier have been updated.
 4. Wording has been revised throughout the brochure to clarify intent.
